About Us

Founded in 1916, [The Conference Board](#) is the member-driven think tank that delivers trusted insights for what's ahead. As companies continue to undergo constant transformation, Human Capital teams play a key role in enhancing transformational capability by creating robust, actionable and future focused People & Organization strategies.

Our [Human Capital Centers](#) are exclusive and unique communities focused on helping YOU and your TEAM navigate and lead your strategic people agendas – today and for the future.

When you join the Human Capital Center, you get access to our renowned research. Through roundtables, working groups and quarterly briefings you have fruitful interactions with your peers and with leading experts on your critical concerns. And you take away the best business intelligence on current and emerging issues in HR and beyond.

About Us

Founded in 1916, [The Conference Board](#) is the member-driven think tank that delivers trusted insights for what's ahead. As you determine policy for your organization's operations in Asia, you face more than Asia's political and economic volatility. You must attract, engage, and develop the best people in a highly competitive talent market while navigating multiple cultures—at a time when the very nature of work is changing.

Our [Human Capital Center](#) provides resources across the full spectrum of people issues. We focus on six areas--Diversity & Inclusion, Employee Engagement, Human Capital Analytics, Labor Markets, Strategic Human Resources, and Talent Management—to inform your decision making across all HR functions.

When you join the Human Capital Center, you get access to our renowned research. You have fruitful interactions with your peers and with leading experts on your critical concerns. And you take away the best business intelligence on current and emerging issues in HR and beyond.
