**Wicked Problems**

Collaboration

Conversations

Learning

Strategy

# Wicked problems require a fundamentally different approach than technical problems

	Technical Problems	Wicked Problems
<b>Examples</b>	Downed Assembly Line	Digitizing Manufacturing
<b>Solutions</b>	Single Point Known	Multiple Unknown
<b>Approach</b>	Root Cause Analysis	Experimentation
<b>Management Challenge</b>	Team Work	Collaboration

# Problems are becoming increasingly complex

Increasing Complexity of a Problem

Problem is undefined and solutions are unknown

Problem is defined but solutions are unknown

Problem and solution are known

AI and personal security

Condition-based maintenance across a destroyer fleet

Technical problems with clear solutions

Increasing Complexity  
of a Problem

Problem is undefined and  
solutions are unknown

Problem is defined but  
solutions are unknown

Problem and  
solution are known

Teamwork

Clusters  
or  
Supplier  
Networks

"Stakeholders"

Small team  
Knows each  
other

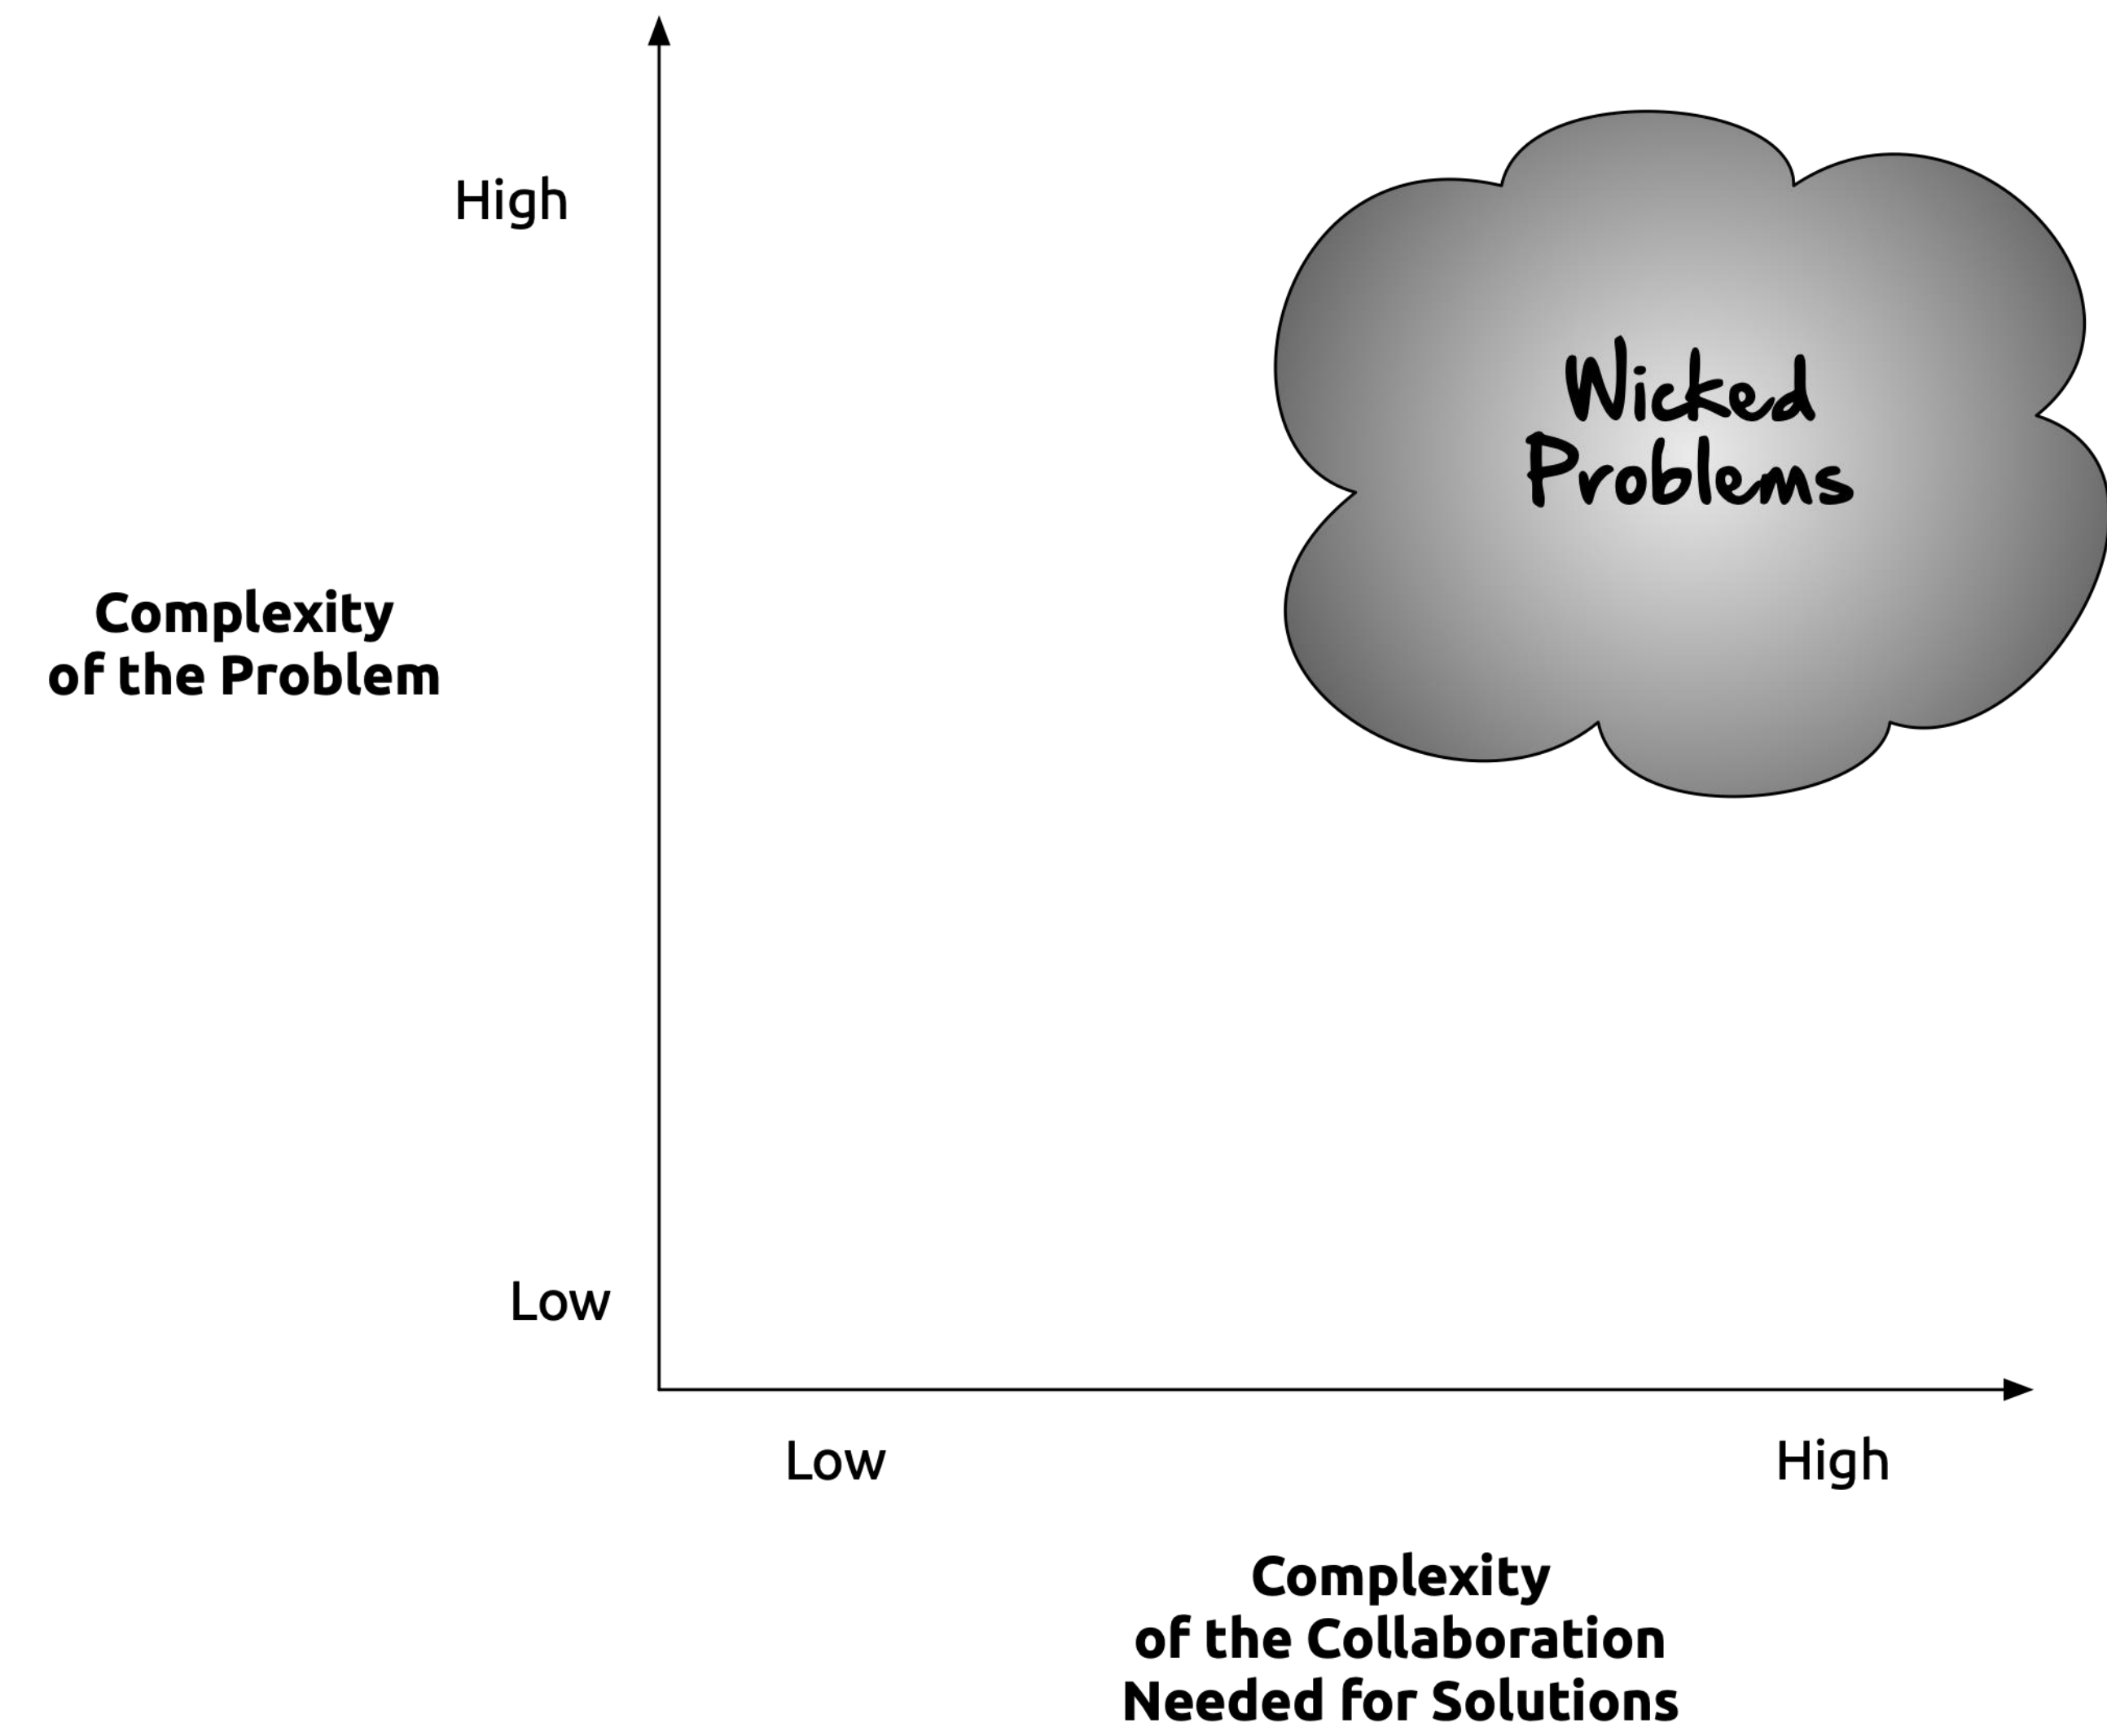

Loose network  
complementary  
assets

Loose network  
conflicting interests

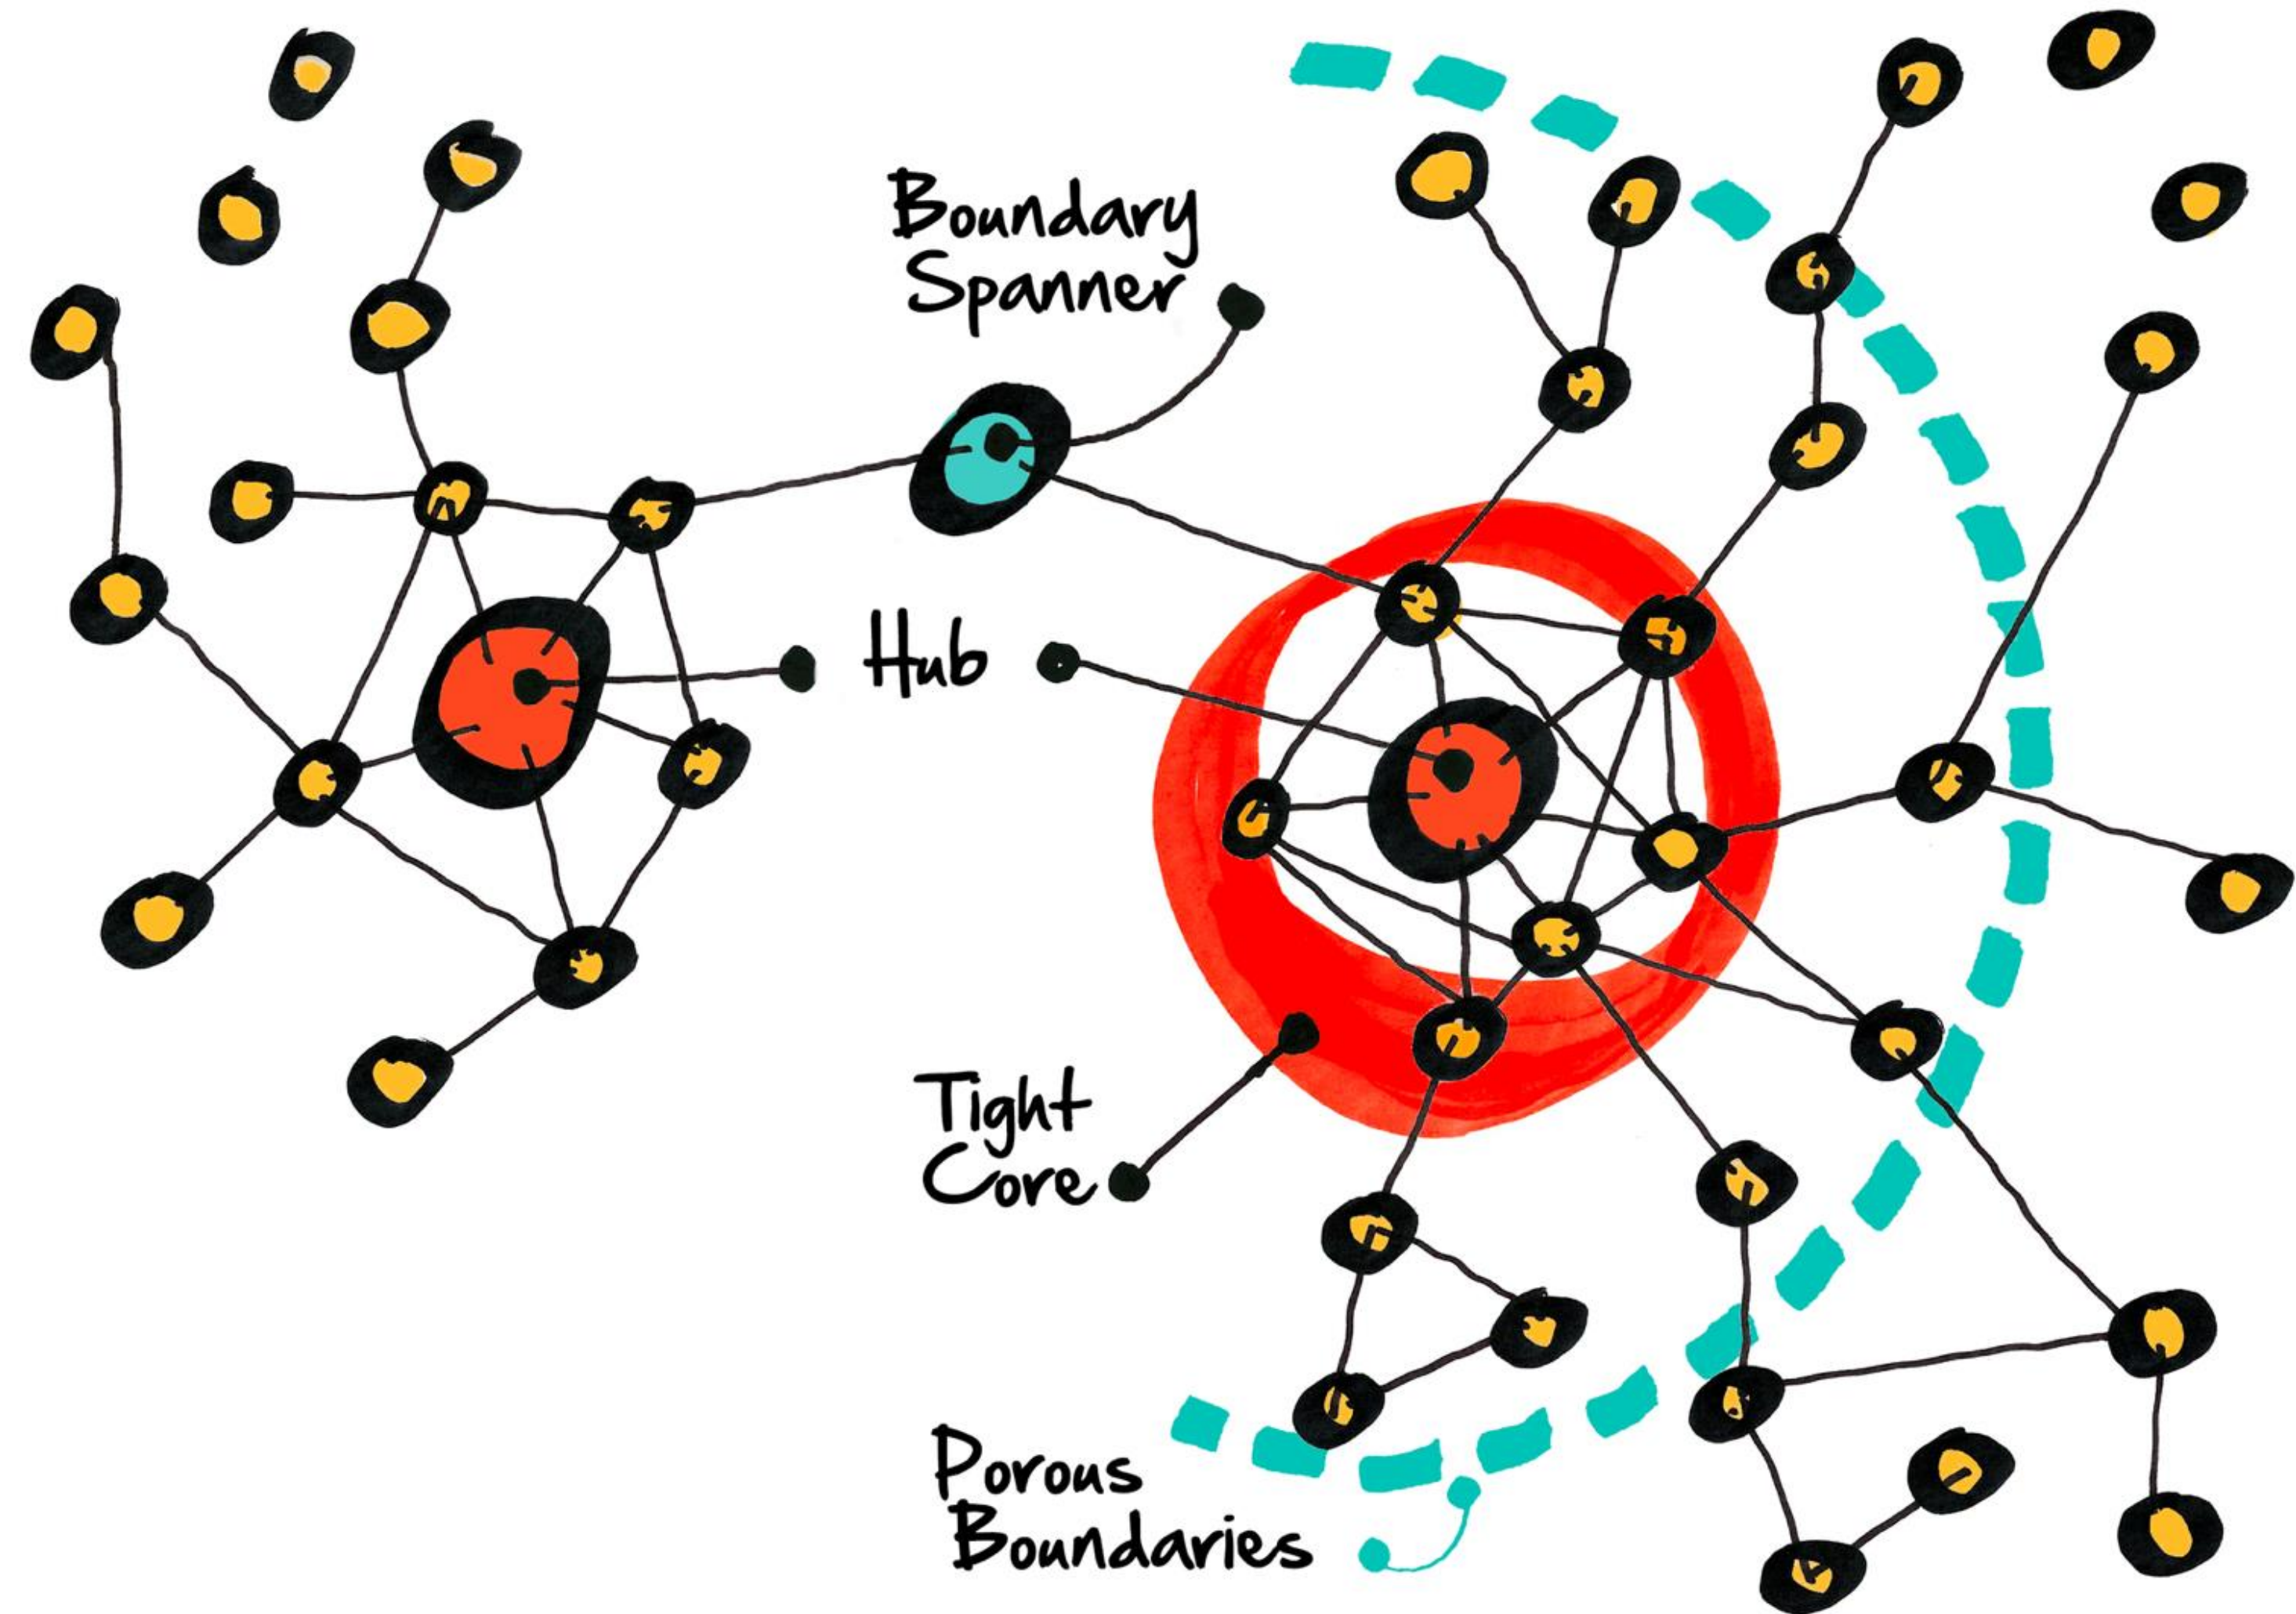

**The collaborations needed to  
generate solutions also become  
increasingly complex**

**Increasing Complexity of the Collaboration**

# Wicked problems confront us with two dimensions of complexity

# How do we generate solutions in open, loosely joined networks?

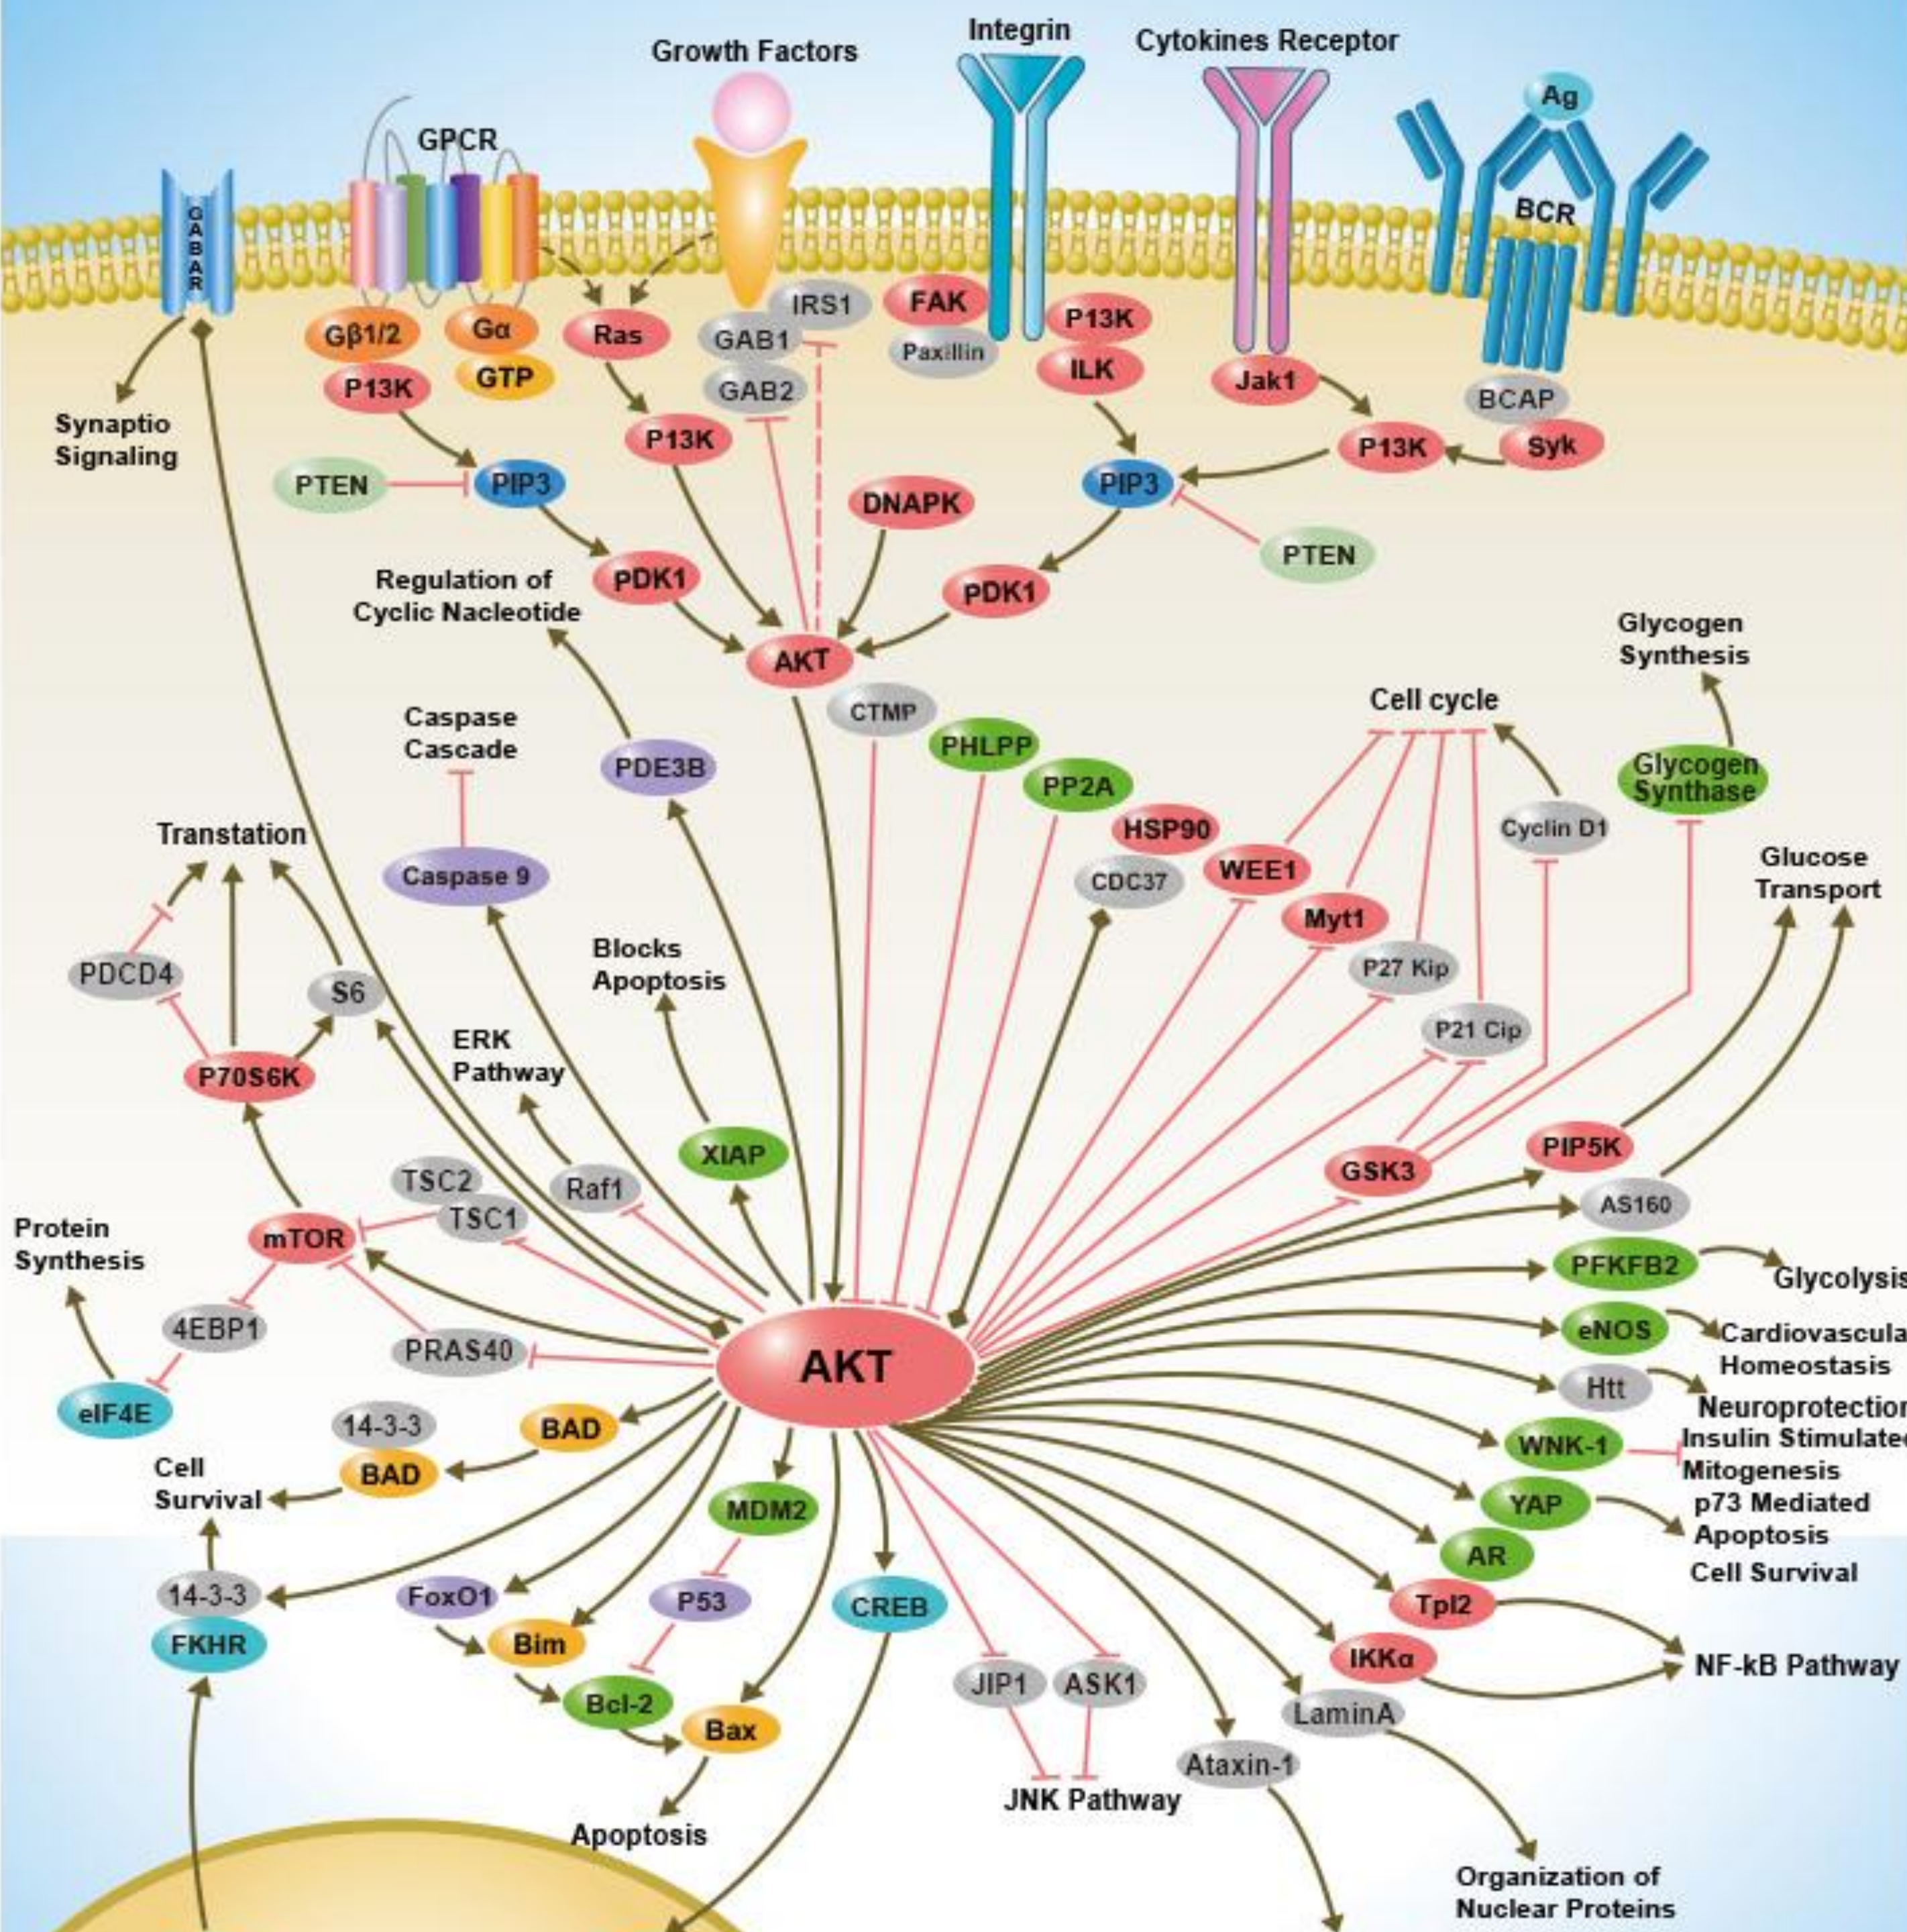

**It's not rocket science...**

**It's harder...**

It's more like molecular biology...

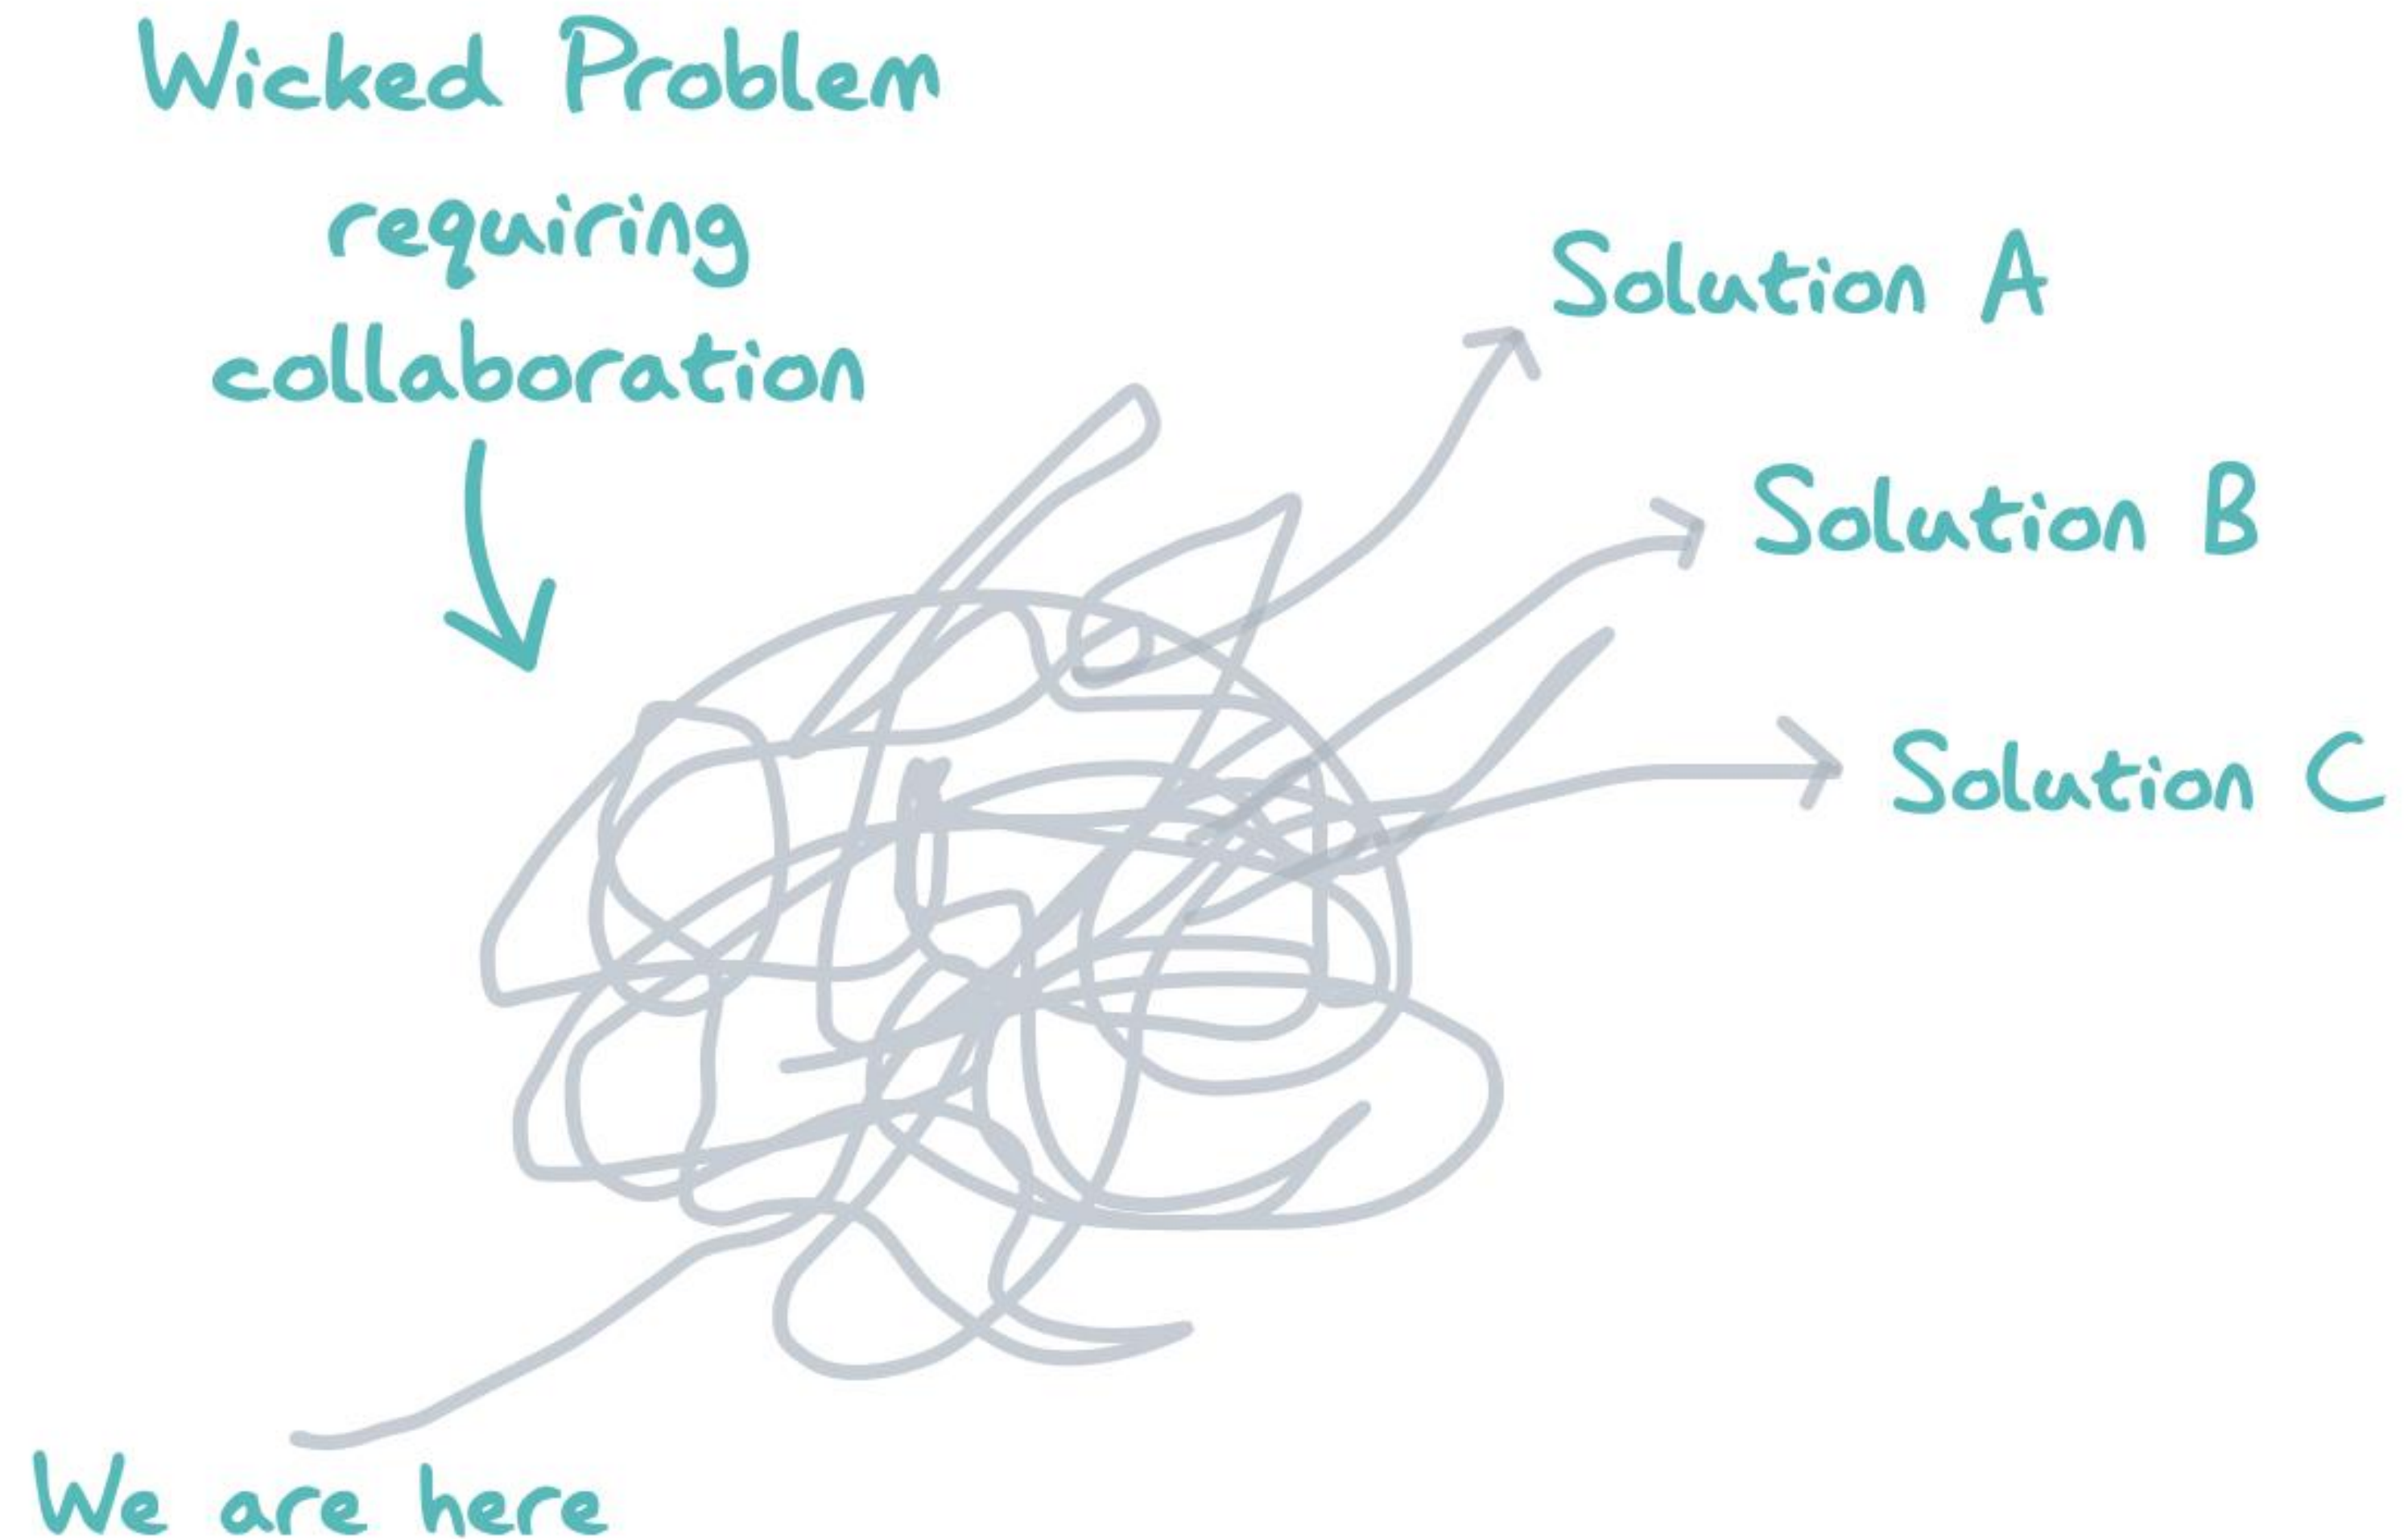

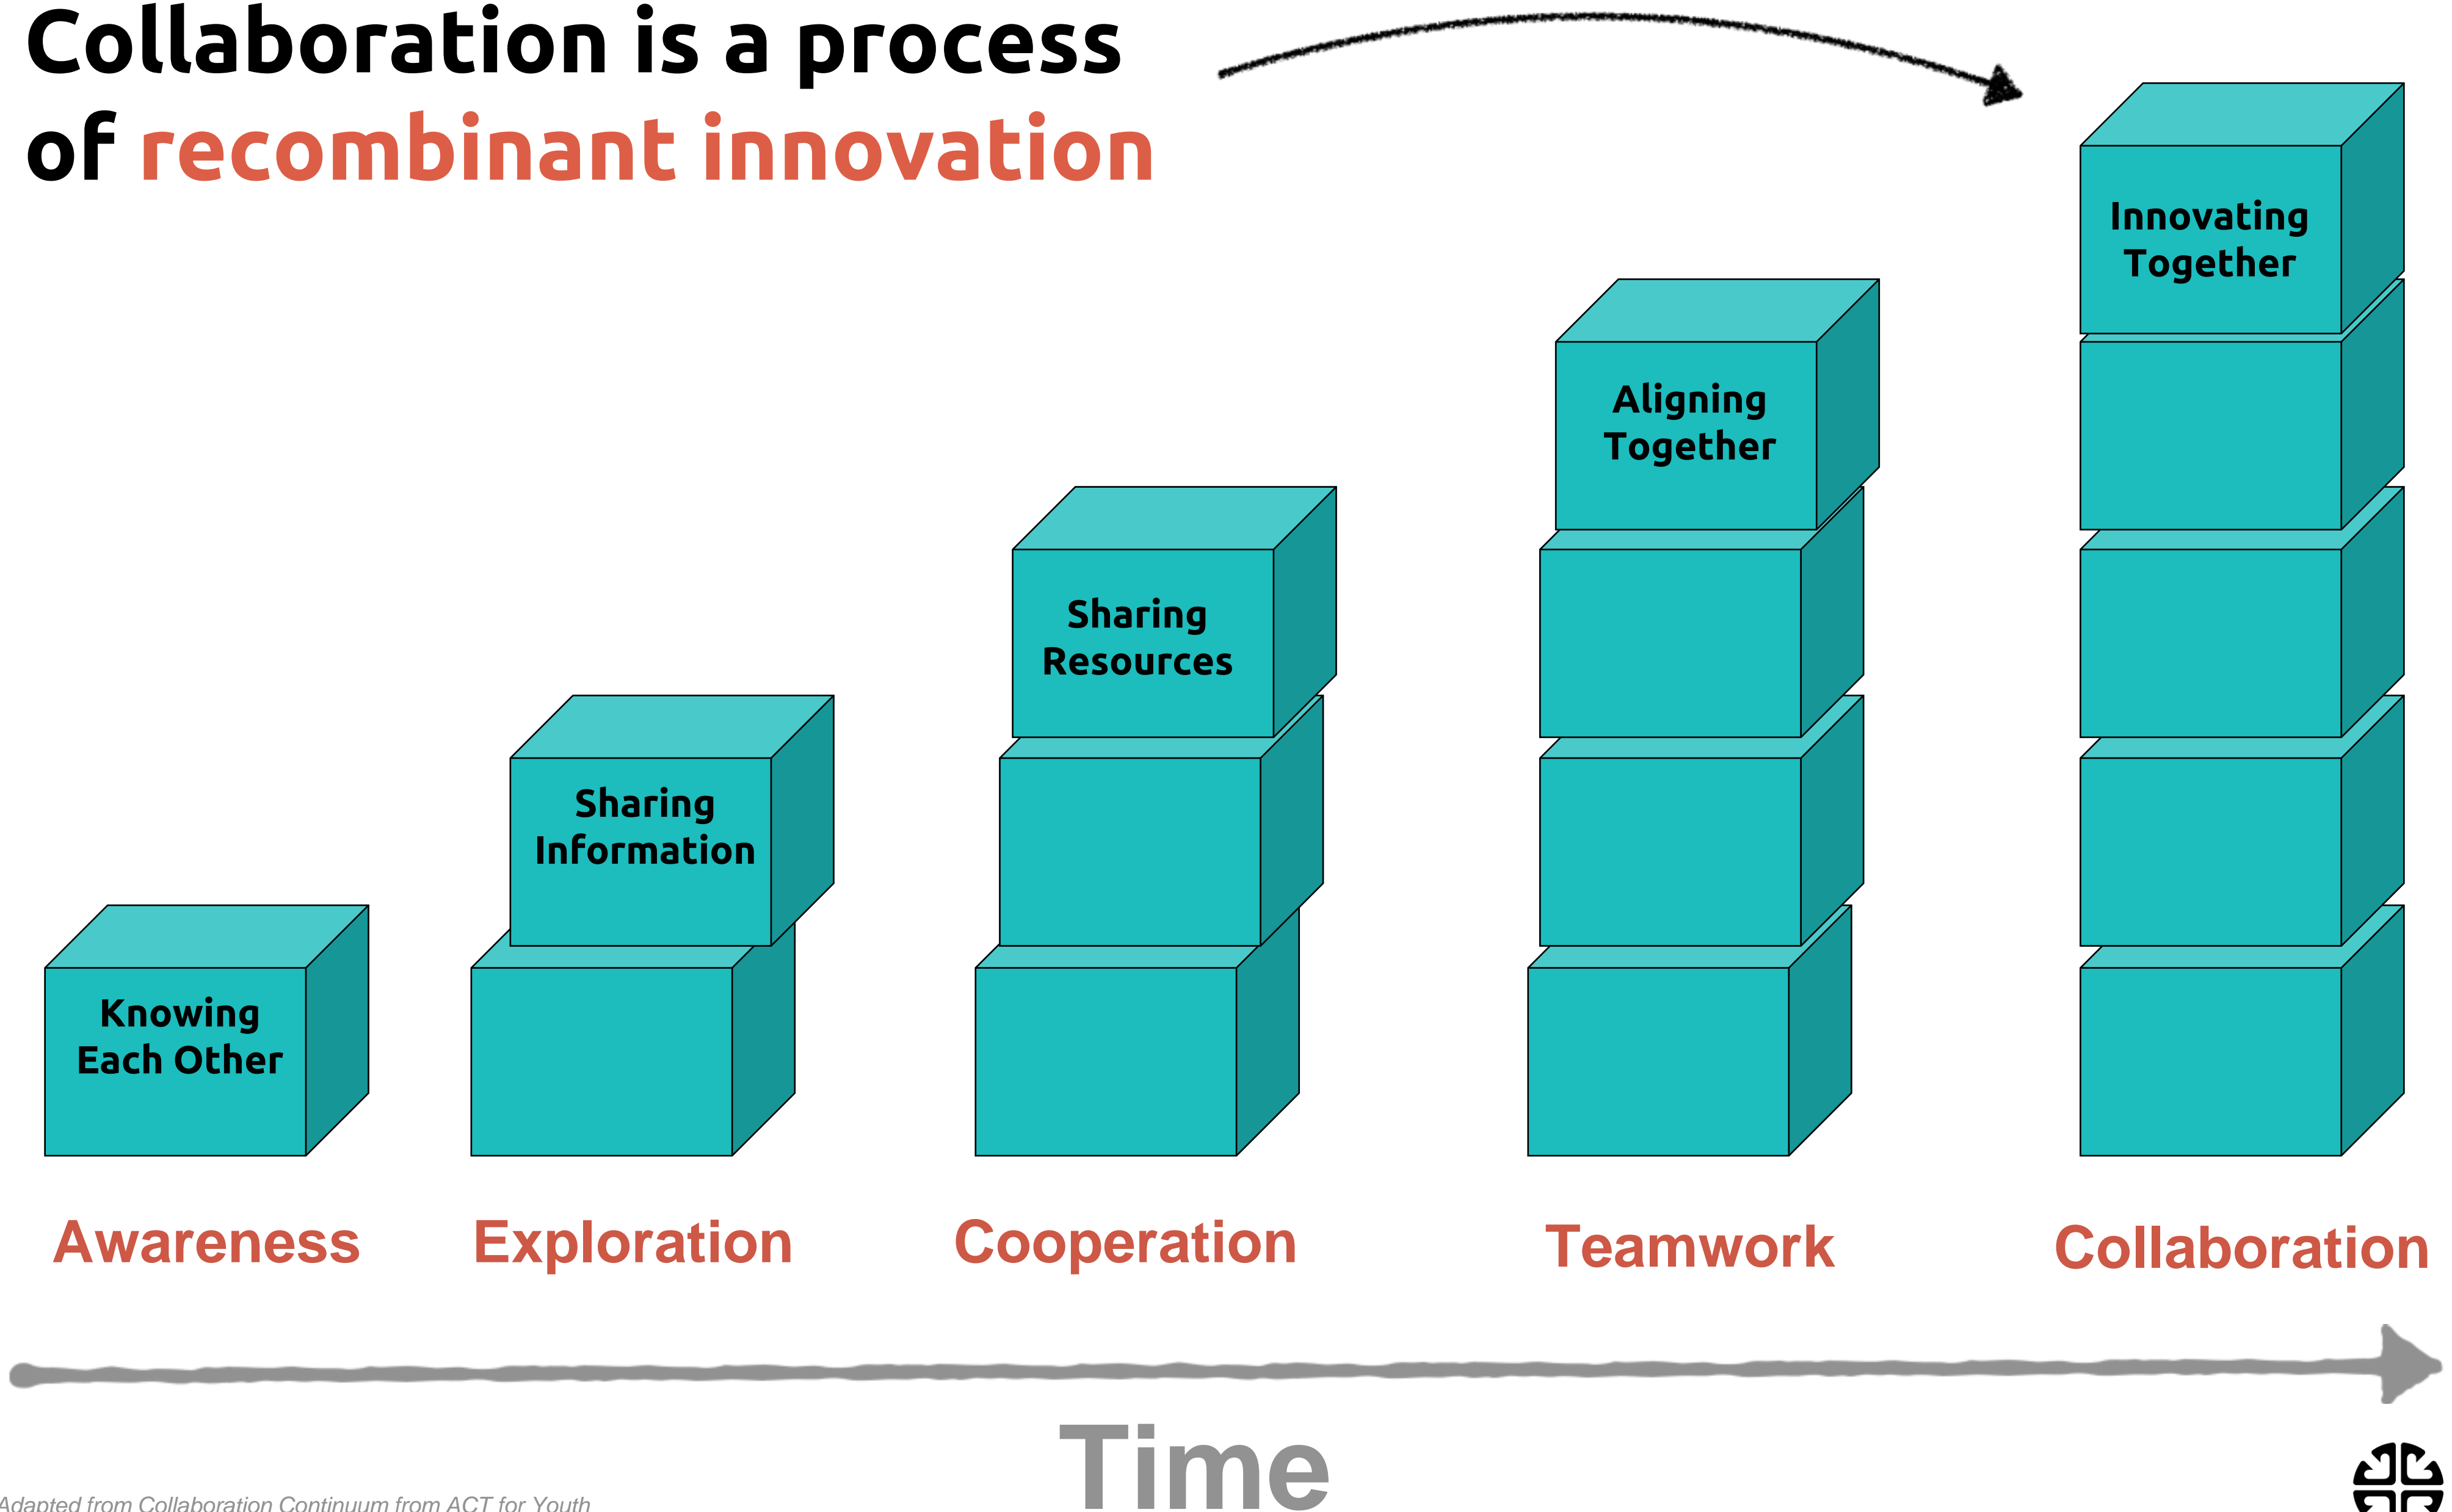

S-Curves  
Wicked Problems  
**Collaboration**

Wicked Problems  
Collaboration  
Conversations  
Learning  
**Strategy**

# An effective strategy answers 2 questions

Where are we going?

Outcomes  
Link, Leverage  
& Align

How will we get there?

Pathways

We are here

# In dynamic environments, strategy emerges from following **simple rules**

Harvard Business Review  
January 2001

**If you can't describe  
what you're doing as a  
process, then you don't  
know what you are  
doing.**

W. Edwards Deming

**Strategic Doing in a Nutshell**

*Strategic Doing is a strategy  
**discipline** designed for teams and  
open, loosely connected  
networks*

*Strategic Doing is a strategy  
**discipline** designed for teams  
and open, loosely connected  
networks*

*Strategic Doing enables teams to form  
**collaborations quickly**, move them toward  
**measurable outcomes**, and make  
**adjustments along the way.***

*Strategic Doing is a strategy **discipline** designed for teams and open, loosely connected networks*

*Strategic Doing enables teams to form **collaborations quickly**, move them toward **measurable outcomes**, and make **adjustments along the way**.*

*Strategic Doing is an **open-source operating system** for collaboration, open innovation, and ecosystems.*

Remember our starting point:  
a **Strategy** answers 2 questions

Where are we going?

Outcomes  
Link, Leverage  
& Align

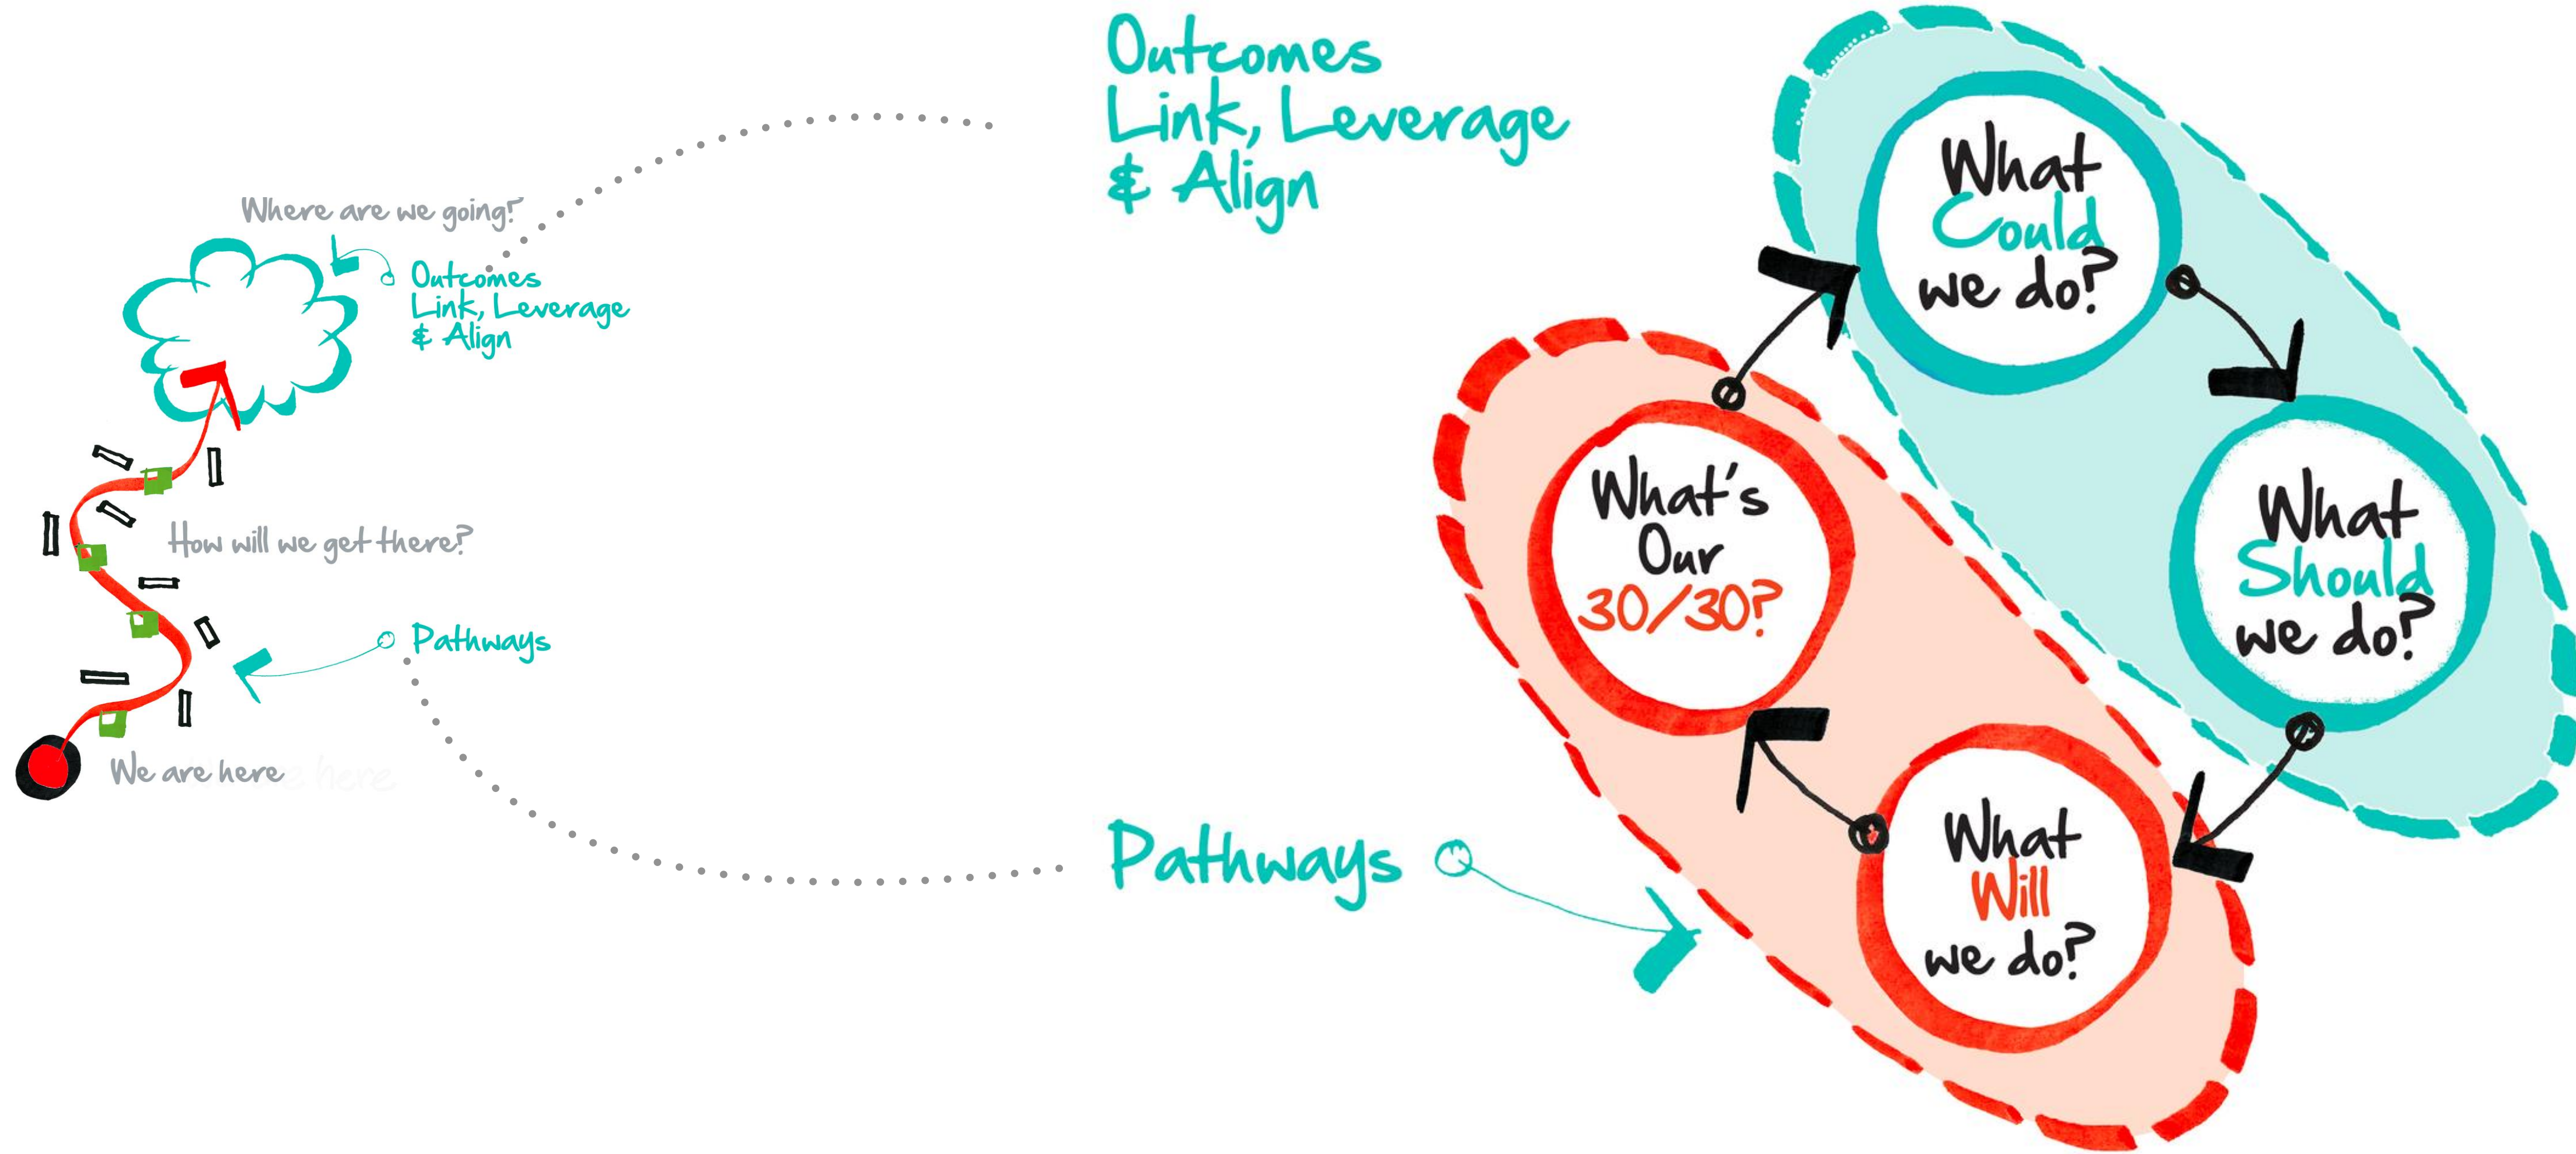

How will we get there?

Pathways

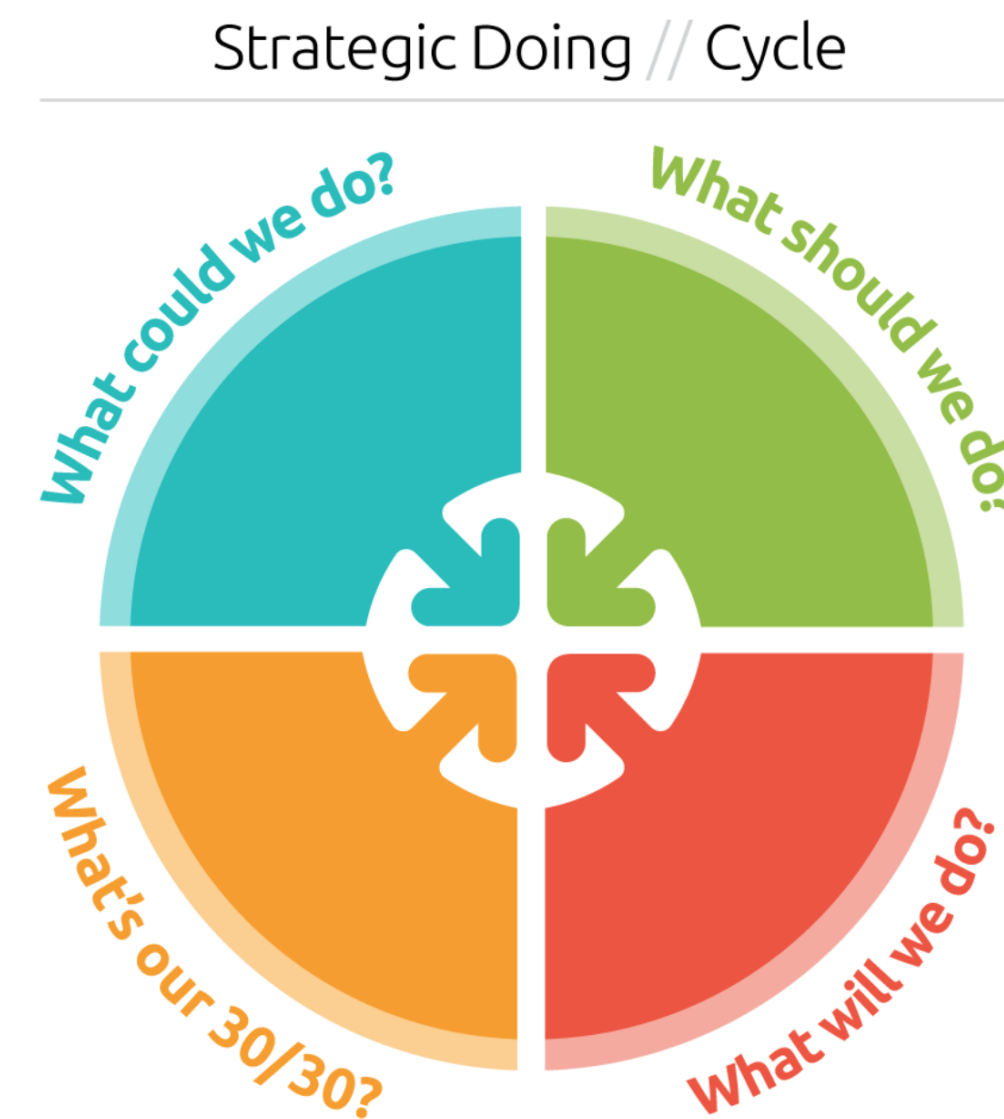

We are here

# We design strategic conversations with four questions...

**Answers to 2 questions  
define a strategy**

**Answers to 4 questions define a  
strategic conversation**

**10 skills to design and guide Strategic Conversations**

# **Hidden Structures**

**Collaborations emerge from  
our conversations**

# Collaborations emerge from conversations with a predictable structure: divergent, convergent, and recursive

**We design and guide these conversations by following 10 rules that translate into 10 skills**

# **Development Path**

**Test beds, simple rules, and skills**

# We are moving from hierarchies toward networks

Strategic Doing Development

# Strategic Doing developed over 25 years of practitioner-led research in the “swampy lowlands”

A photograph of several men in dark blue suits and white shirts, some wearing glasses. The image is slightly blurred, focusing on the man in the foreground on the right. A white speech bubble with a red border is overlaid on the left side of the image, containing the text 'How could we build a digital cluster in Charleston?'.

**How could we  
build a digital  
cluster in  
Charleston ?**

**How do we  
address opioid  
addiction in a  
community?**

A man with dark hair and glasses is sitting in a black office chair. He is wearing a light blue and white checkered button-down shirt. Behind him is a white bookshelf filled with books. To his right, a white speech bubble with a red border contains the text "How can Puerto Rico recover from Maria?".

**How can  
Puerto Rico  
recover from  
Maria?**

**How do we transform engineering education at 50 universities?**

**How do we  
develop a  
technology  
roadmap for the  
destroyer fleet?**

**How do we  
collaborate  
across the  
life sciences  
within NASA?**

**How does Strategic  
Doing work?**

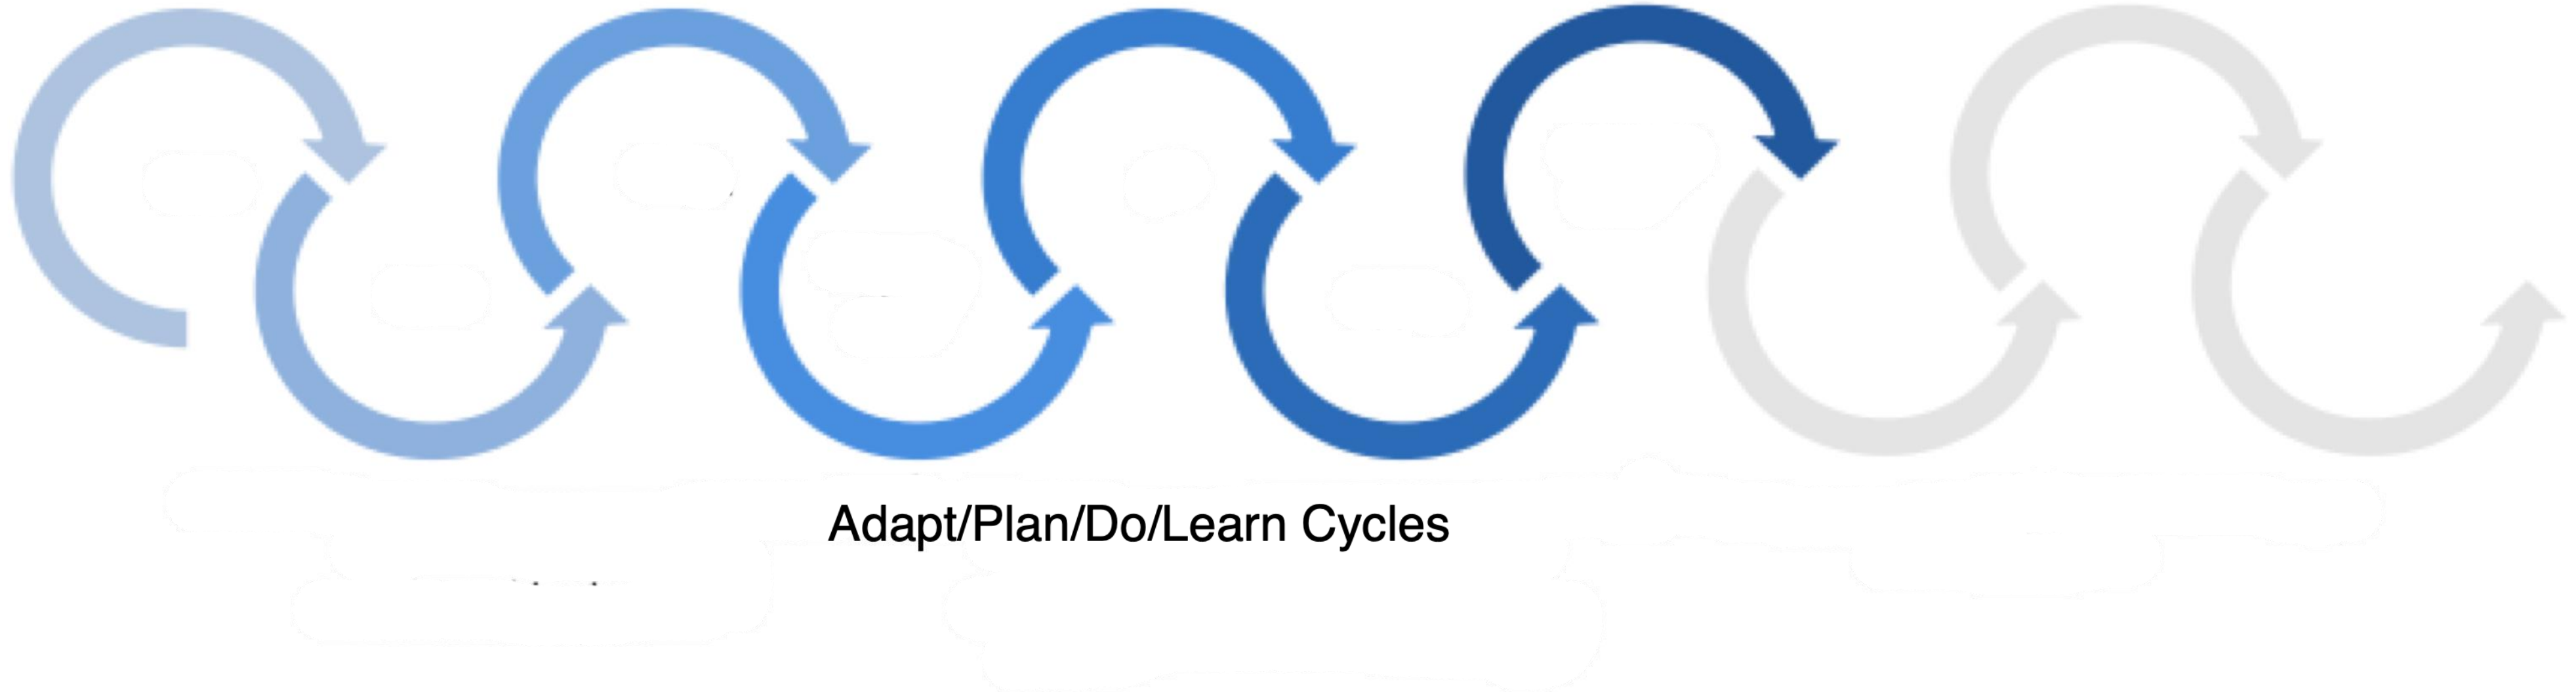

# Strategies emerge from fast think/do cycles

Strategic Planning

Strategic Doing

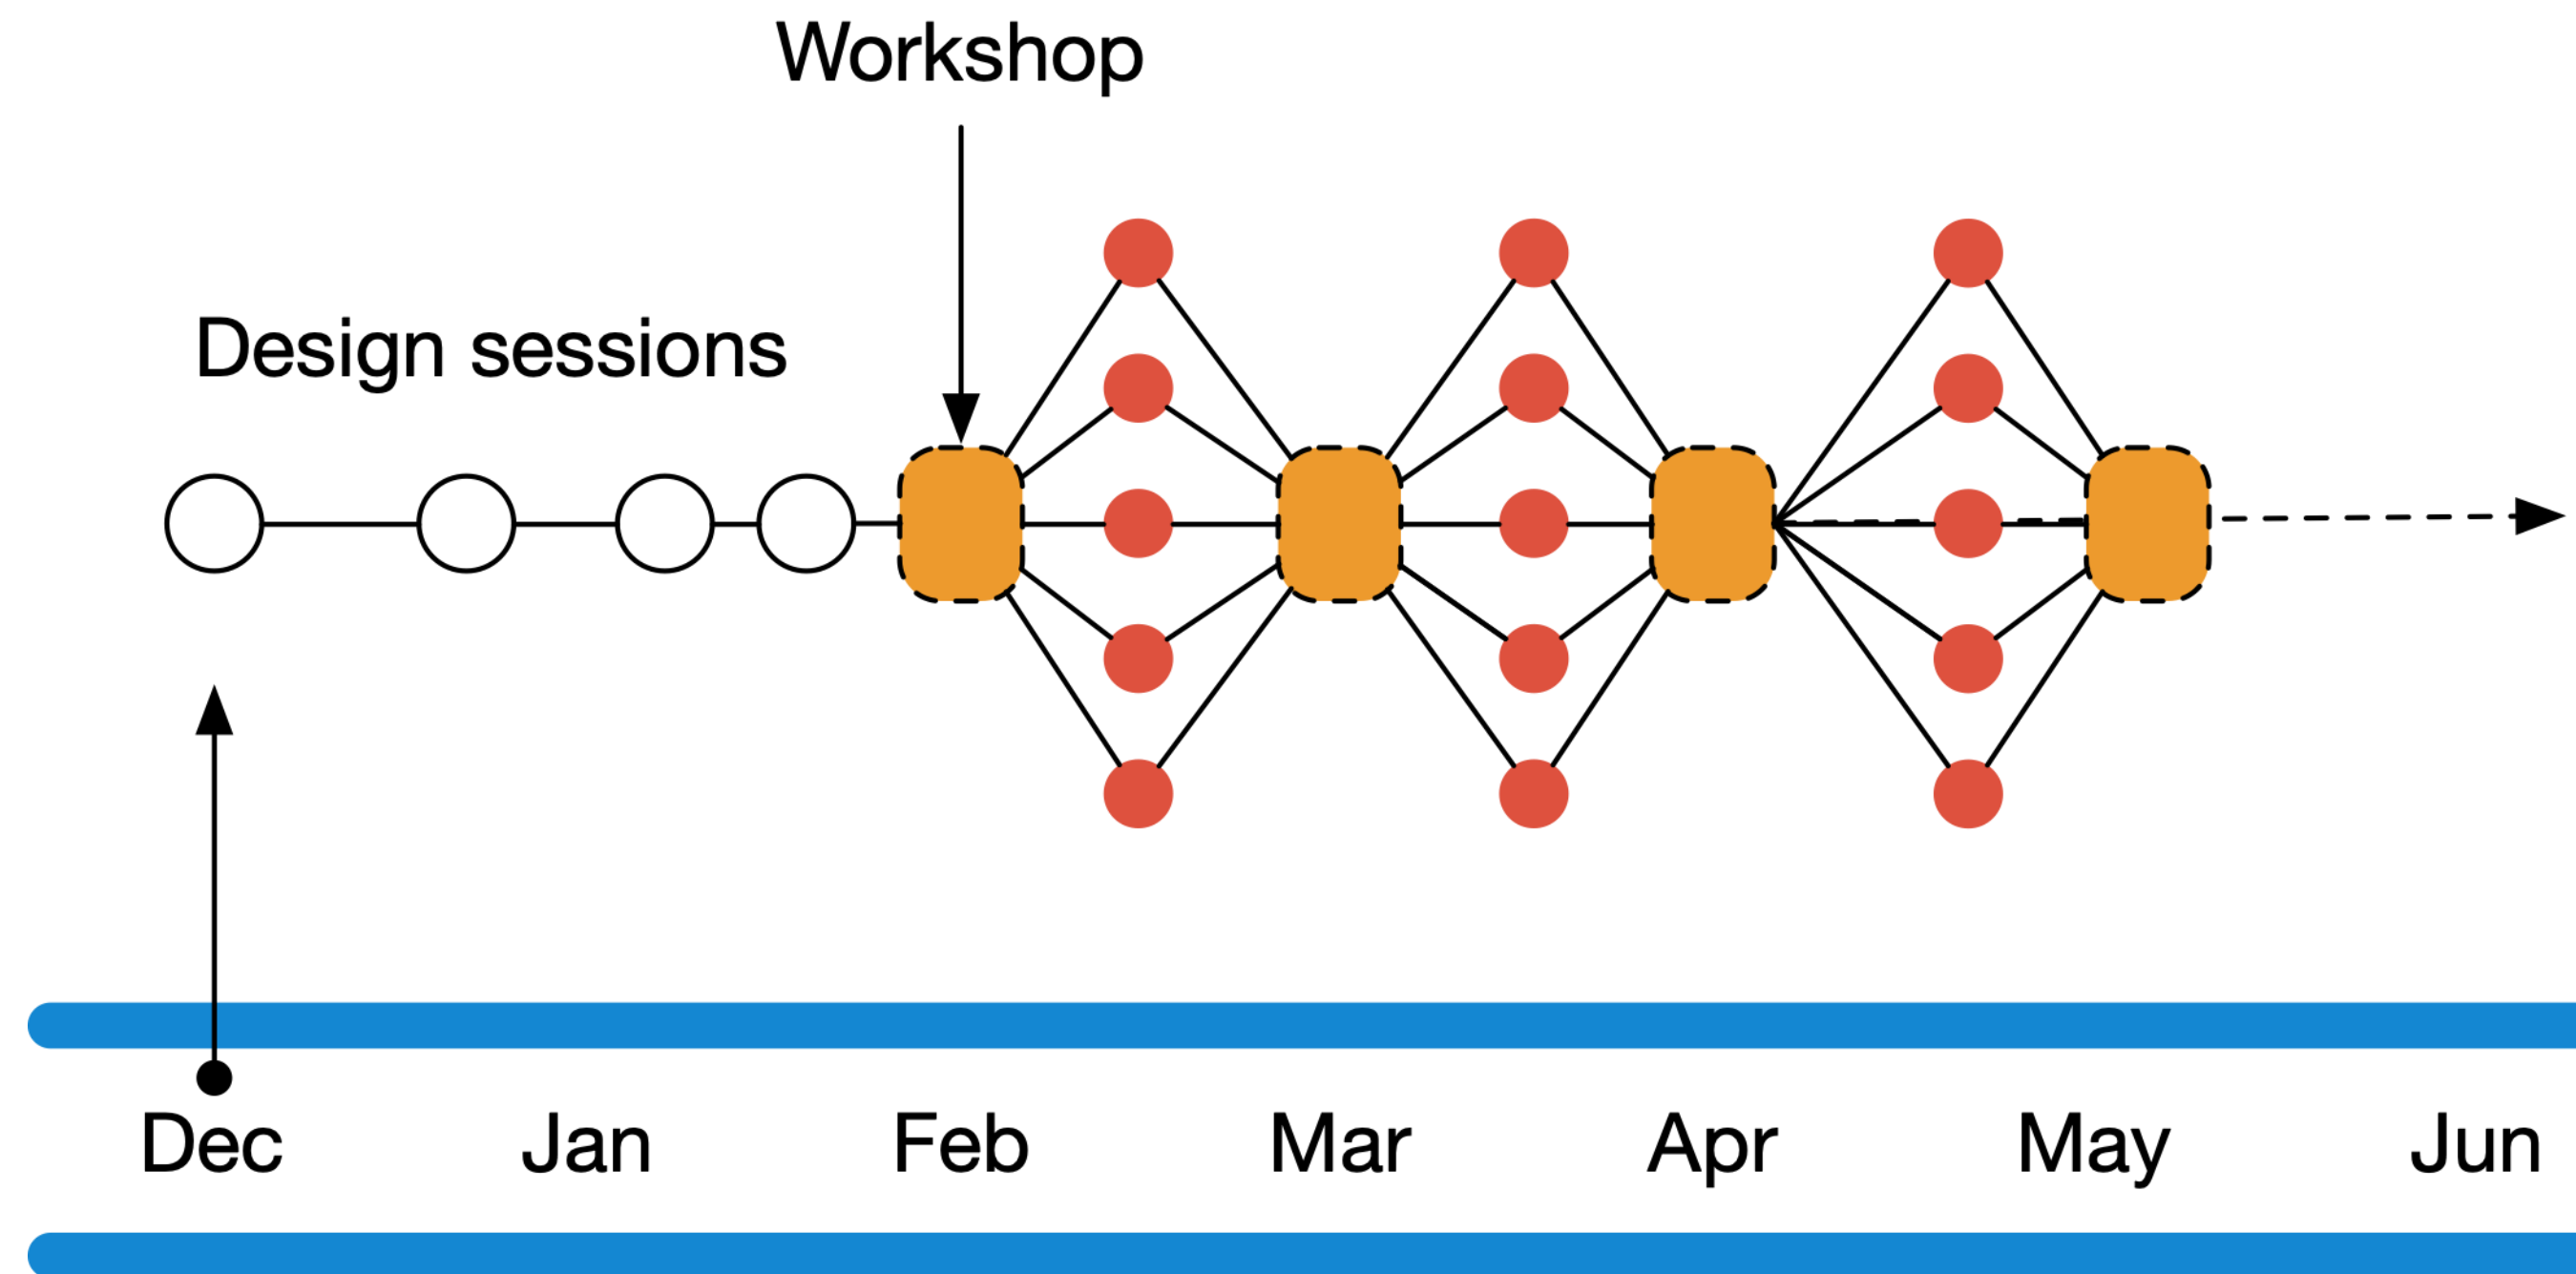

**How do we  
develop a  
technology  
roadmap for the  
destroyer fleet?**

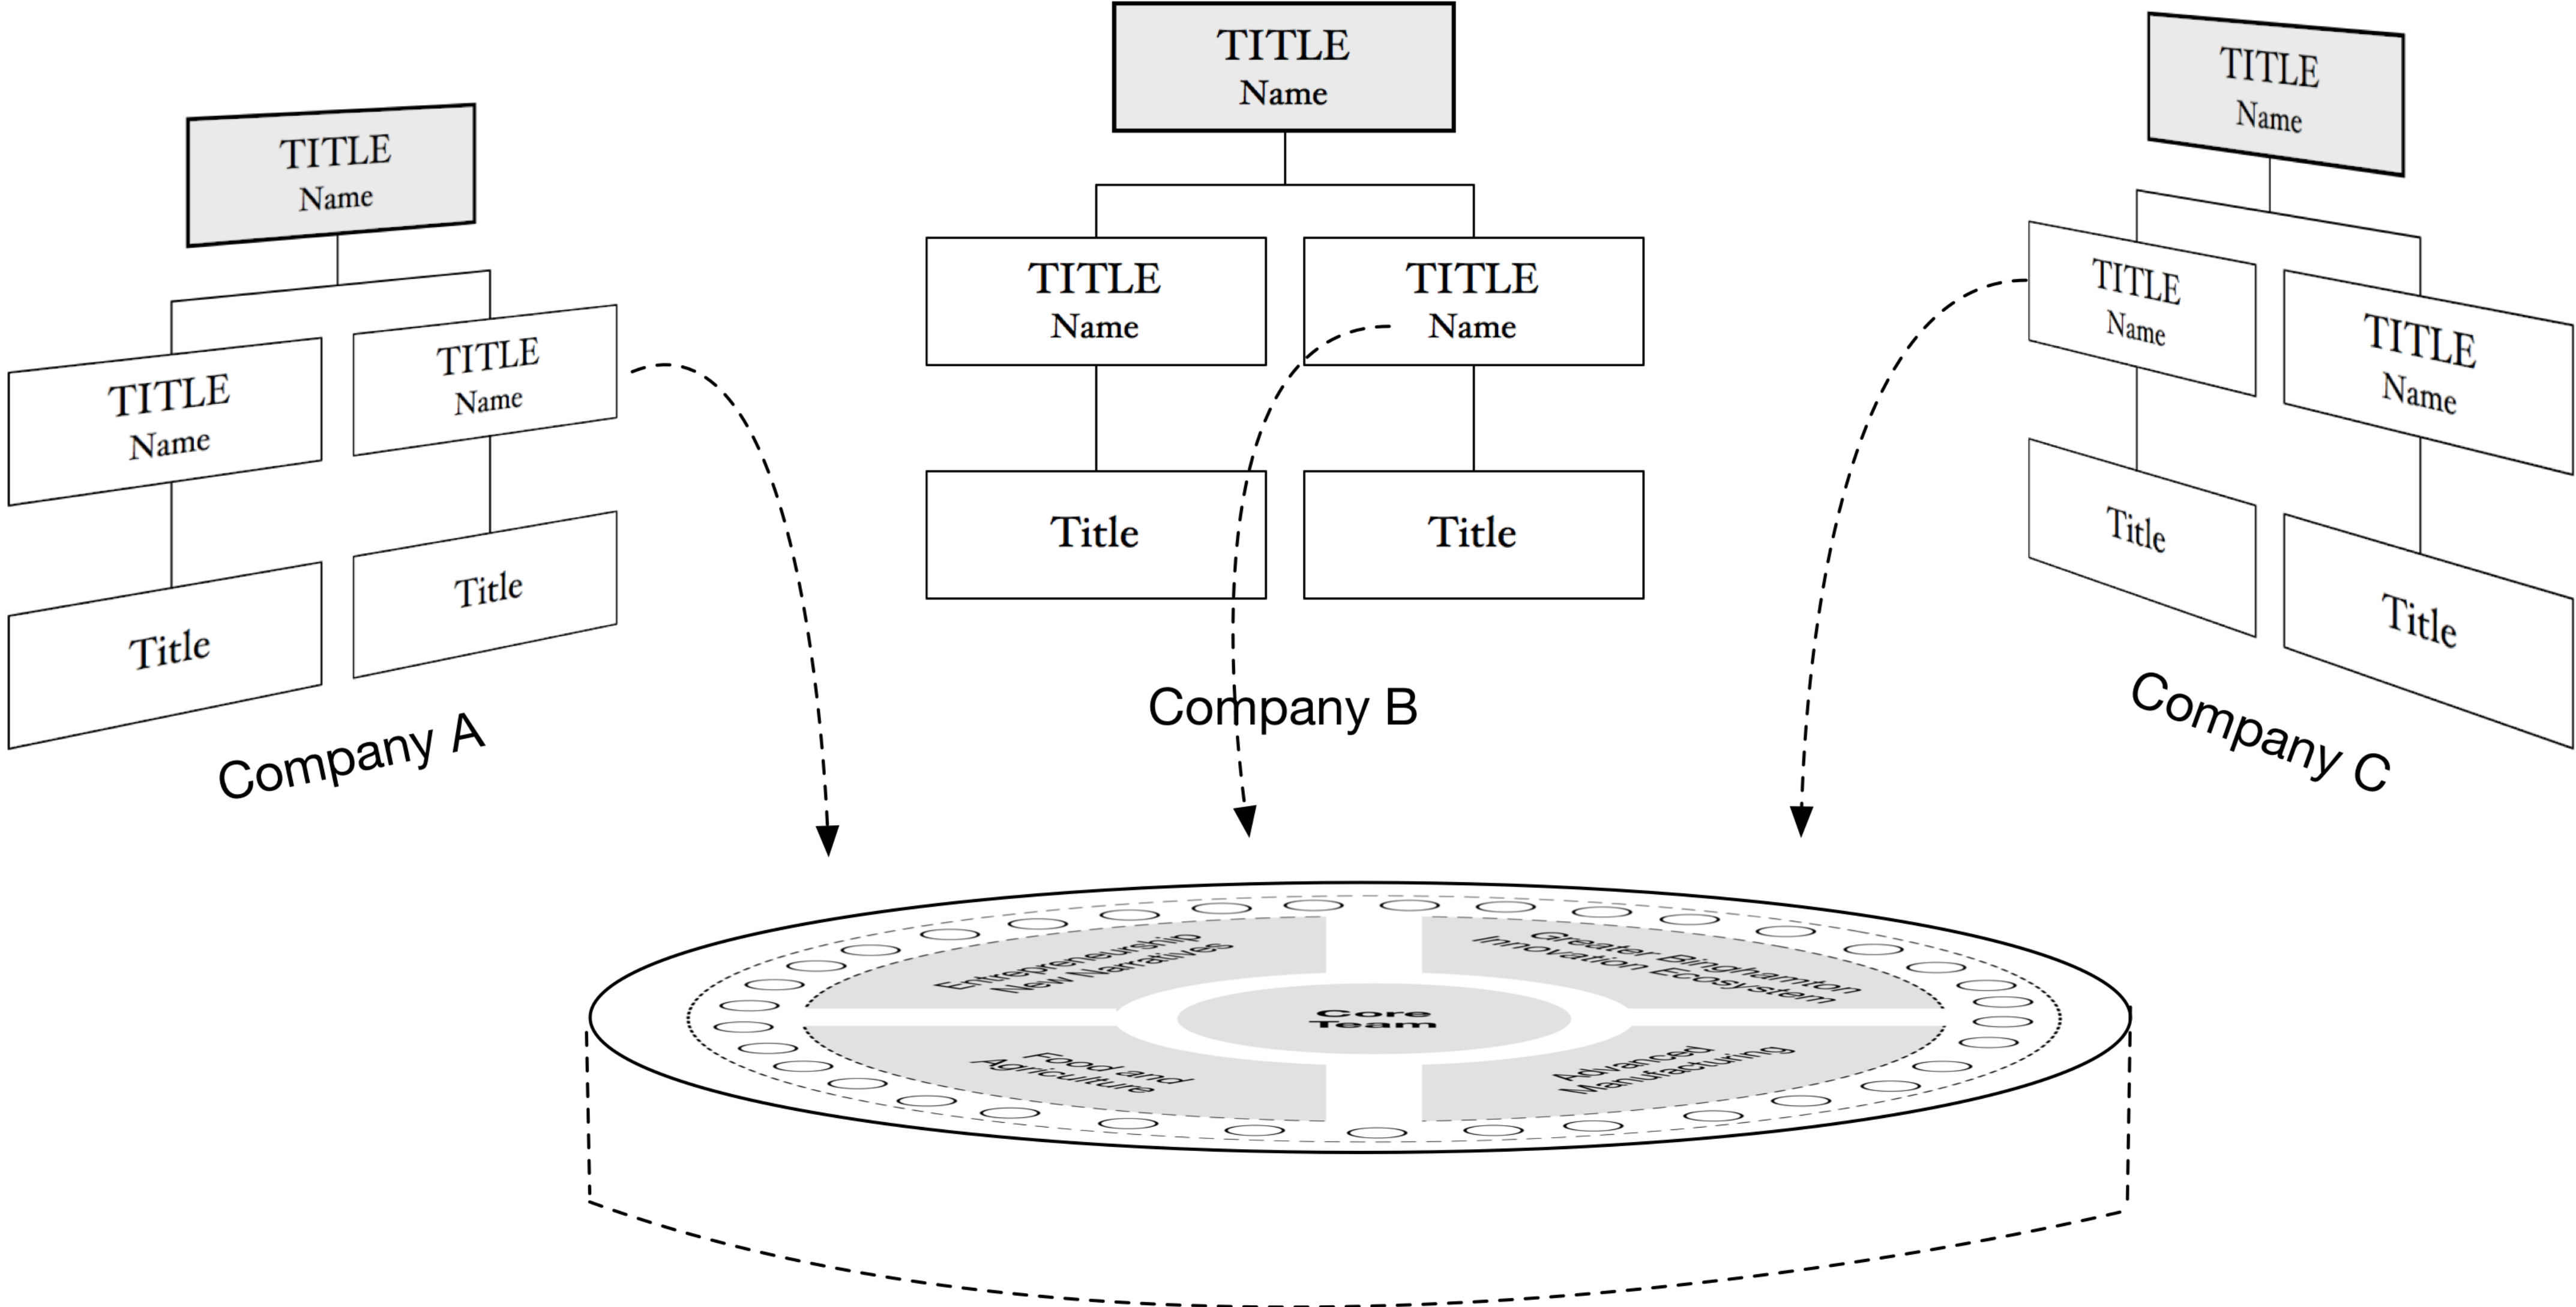

# Start by designing a process

**We used this drawing to explain to Lockheed executives how a strategy process would unfold**

# Create a platform on which an ecosystem can form

# Design and guide strategy workshops by following 10 rules that translate into 10 skills

# Design and guide strategy workshops

**2** **RULE 1:** Create and maintain a safe space for deep, focused conversation.

**1** TABLE GUIDE:  
KNOWLEDGE KEEPER:

**3** **RULE 2:** Frame a conversation around an appreciative question.

FRAMING QUESTION

**Imagine we developed a roadmap to deploy CBM across the Navy's destroyer fleet. What would that look like?**

# What could we do?

**Rule 3:** Uncover  
hidden assets  
that people are  
willing to share

**Invisible assets “are unattainable with money alone, are time-consuming to develop, are capable of multiple simultaneous uses, and yield multiple simultaneous benefits.”**

**Itami, H., & Roehl, T. W. (1991). Mobilizing invisible assets. Harvard University Press.**

**RULE 3: Uncover hidden assets people are willing to share.**

What assets is each person willing to share? Focus your conversation not so much on what you do, but on resources you are willing to share with a new network (e.g., physical assets, skills and knowledge assets, social/network assets, capital assets.)

PERSON	ASSET(S)

*>> Next, you'll connect these assets to create new opportunities*

## What could we do?

**Rule 4:** Link and leverage your assets to create new opportunities

**RULE 4: Link and leverage your assets to create new strategic opportunities (Part 2).**

10 min.

Narrow your link-and-leverage ideas to your three (four if you must) top choices. How could you describe each opportunity in one or two phrases?

"BUMPER STICKER" TITLE (<20 WORDS)	DESCRIPTION

*>> Use the next slide to find your "Big Easy"*

# Strategic focus areas emerge as workshops develop

## What should we do?

**Rule 5:** Rank all your opportunities to find your “Big Easy”

# Here is an example taken from a workshop in Washington, D.C.

## Team 1 Solutions

## What should we do?

**Rule 6:** Convert your Big Easy into an outcome with measurable characteristics (Where you are going)

**RULE 6: Convert your "Big Easy" into a strategic outcome by adding measurable characteristics.**

What would people see, how would people feel, how would people's lives be different if we were completely successful?

SUMMARY OF YOUR STRATEGIC OPPORTUNITY (The Big Easy)	CHARACTERISTIC (What will be different?)	SUCCESS METRICS (<3 Per Characteristic)

*>> Use the next page to define guideposts and a pathway to reach your outcome*

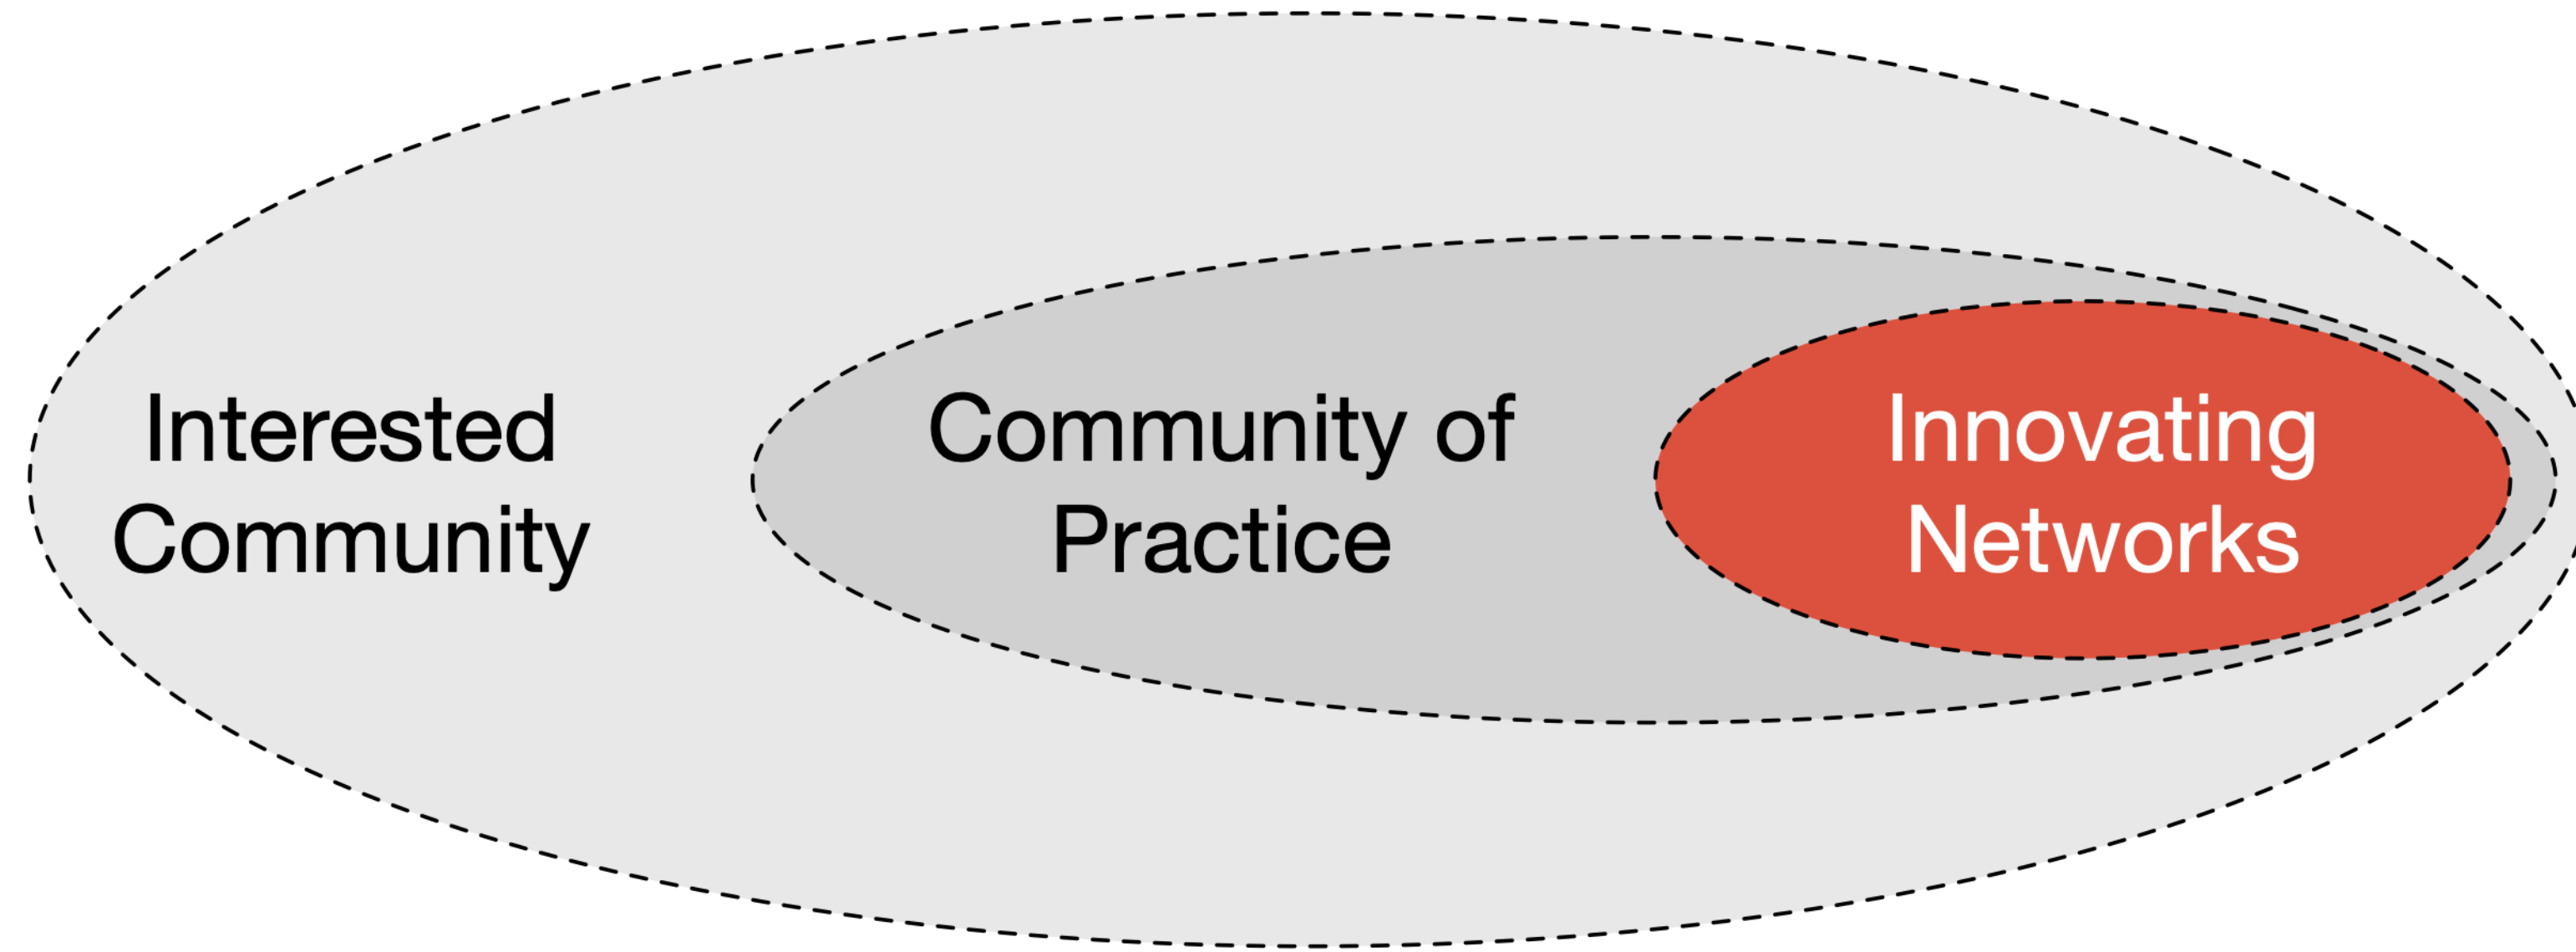

Having your strategy on one page can help you see the big picture and communicate it with others. Summarize your strategy here so that everyone has talking points.

<b>OUTCOME</b> Where are we going?	
<b>SUCCESS METRICS</b> How will we know when we've arrived?	1
	2
	3
<b>PATHFINDER PROJECT</b> How will we get started?	
<b>GUIDEPOSTS</b> How will we know we're not lost?	1
	2
	3
<b>ACTION PLAN</b> What will we start doing by next week?	1
	2
	3

<b>ACTION PLAN</b> What will we each start doing in the next 30 days?	

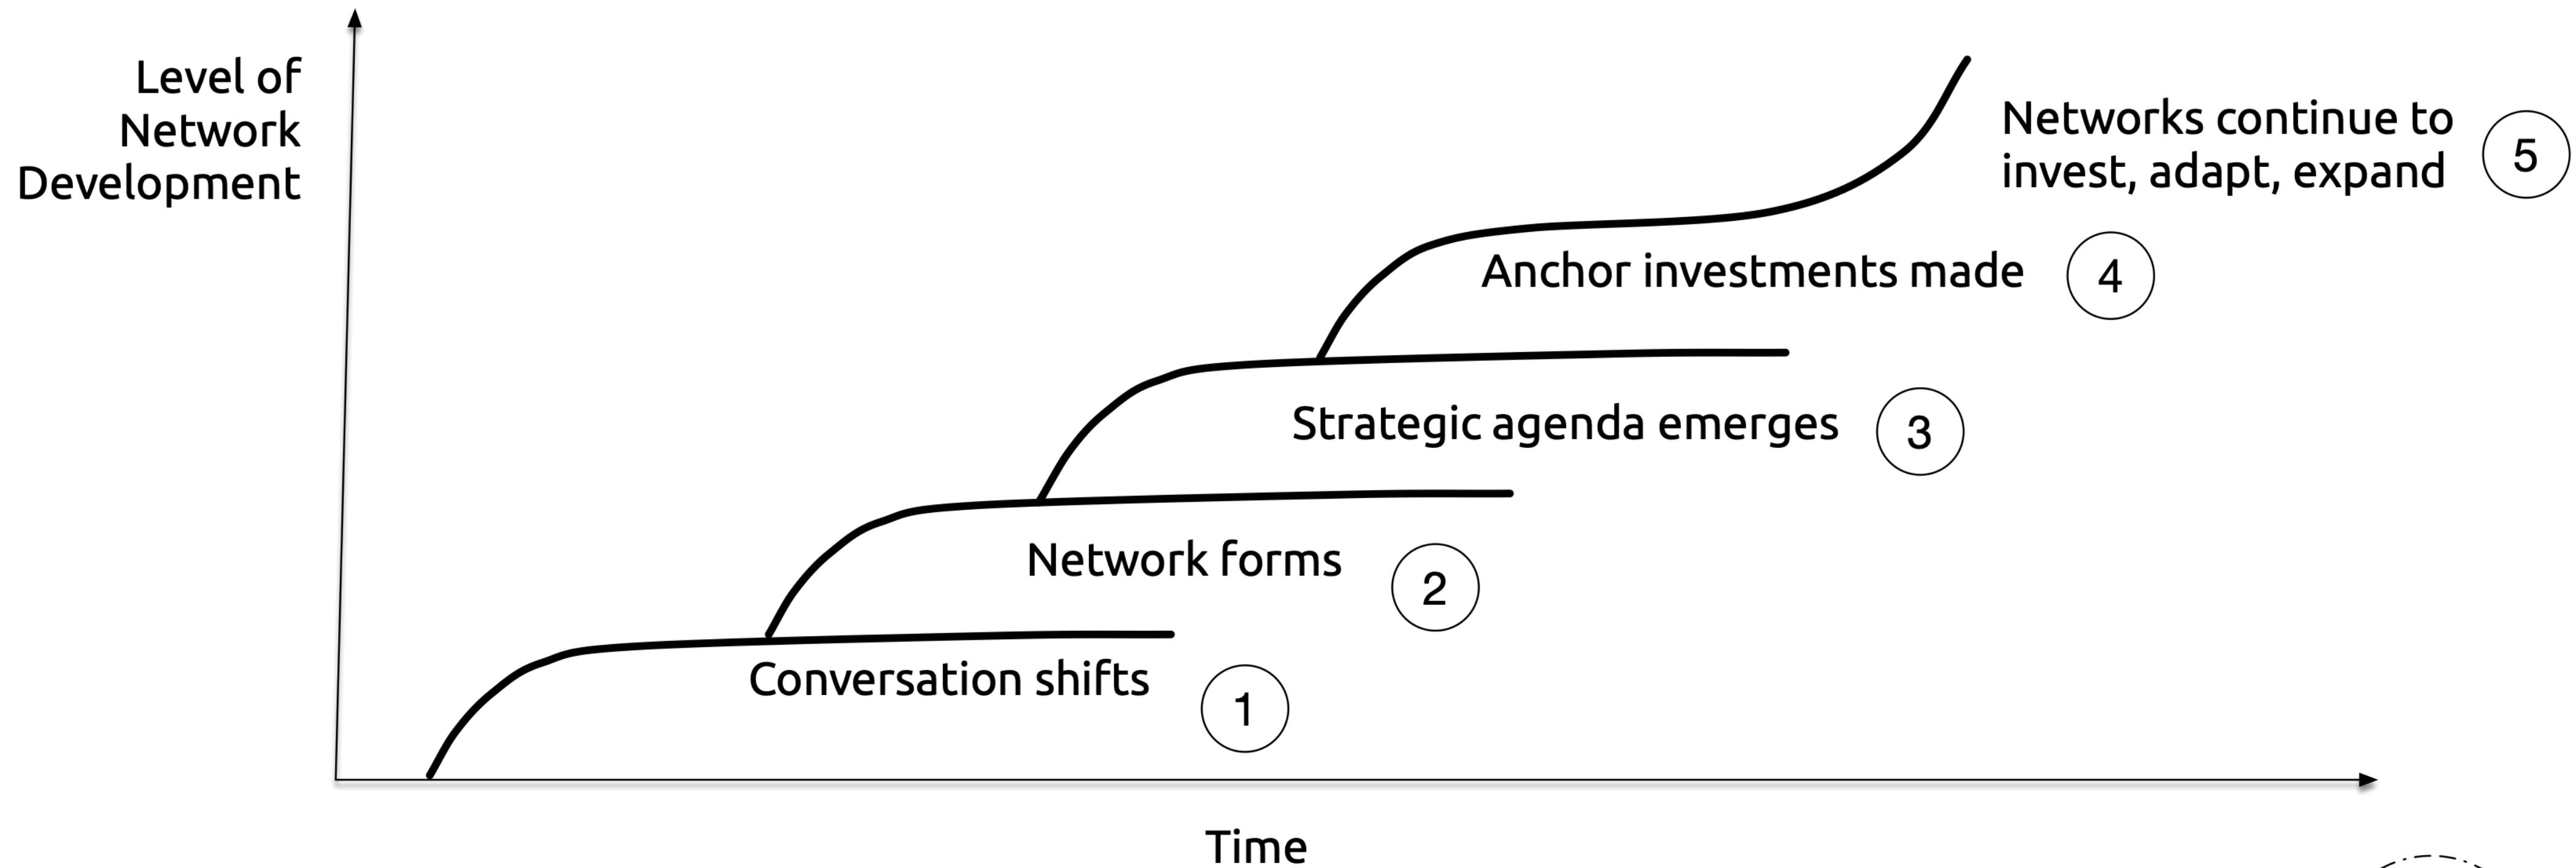

# Innovating networks take time and trust to form

Advocate Together → Learn Together → Innovate Together

# Move the emerging ecosystem through development horizons

1

**Conversation shifts.--** Collaborations begin to form with conversations among companies that share a similar "competitive space". Participants begin testing ideas about collaboration.

2

**Network forms.--** As focused conversations continue, common interests emerge. These shared interests drive conversations to deeper detail. Connections among firms become stronger.

3

**Strategic agenda emerges.--** Members of the emerging network begin to focus on strategic opportunities. These opportunities emerge as firms "link and leverage" their assets.

4

**Anchor investments made.--** As the collaborations form, members develop a strategic agenda: a portfolio of investments to strengthen themselves through collaboration.

5

**Collaboration continues to invest, adapt and expand.--** Connections within the network become more dense and spontaneous. New shared investments build out the collaboration.

**Strategic Doing allows a business to quickly identify an interested ecosystem of local businesses to solve a defined customer problem.**

*Todd Tangert  
Former Combat Systems  
Architect Lockheed  
Corporation*

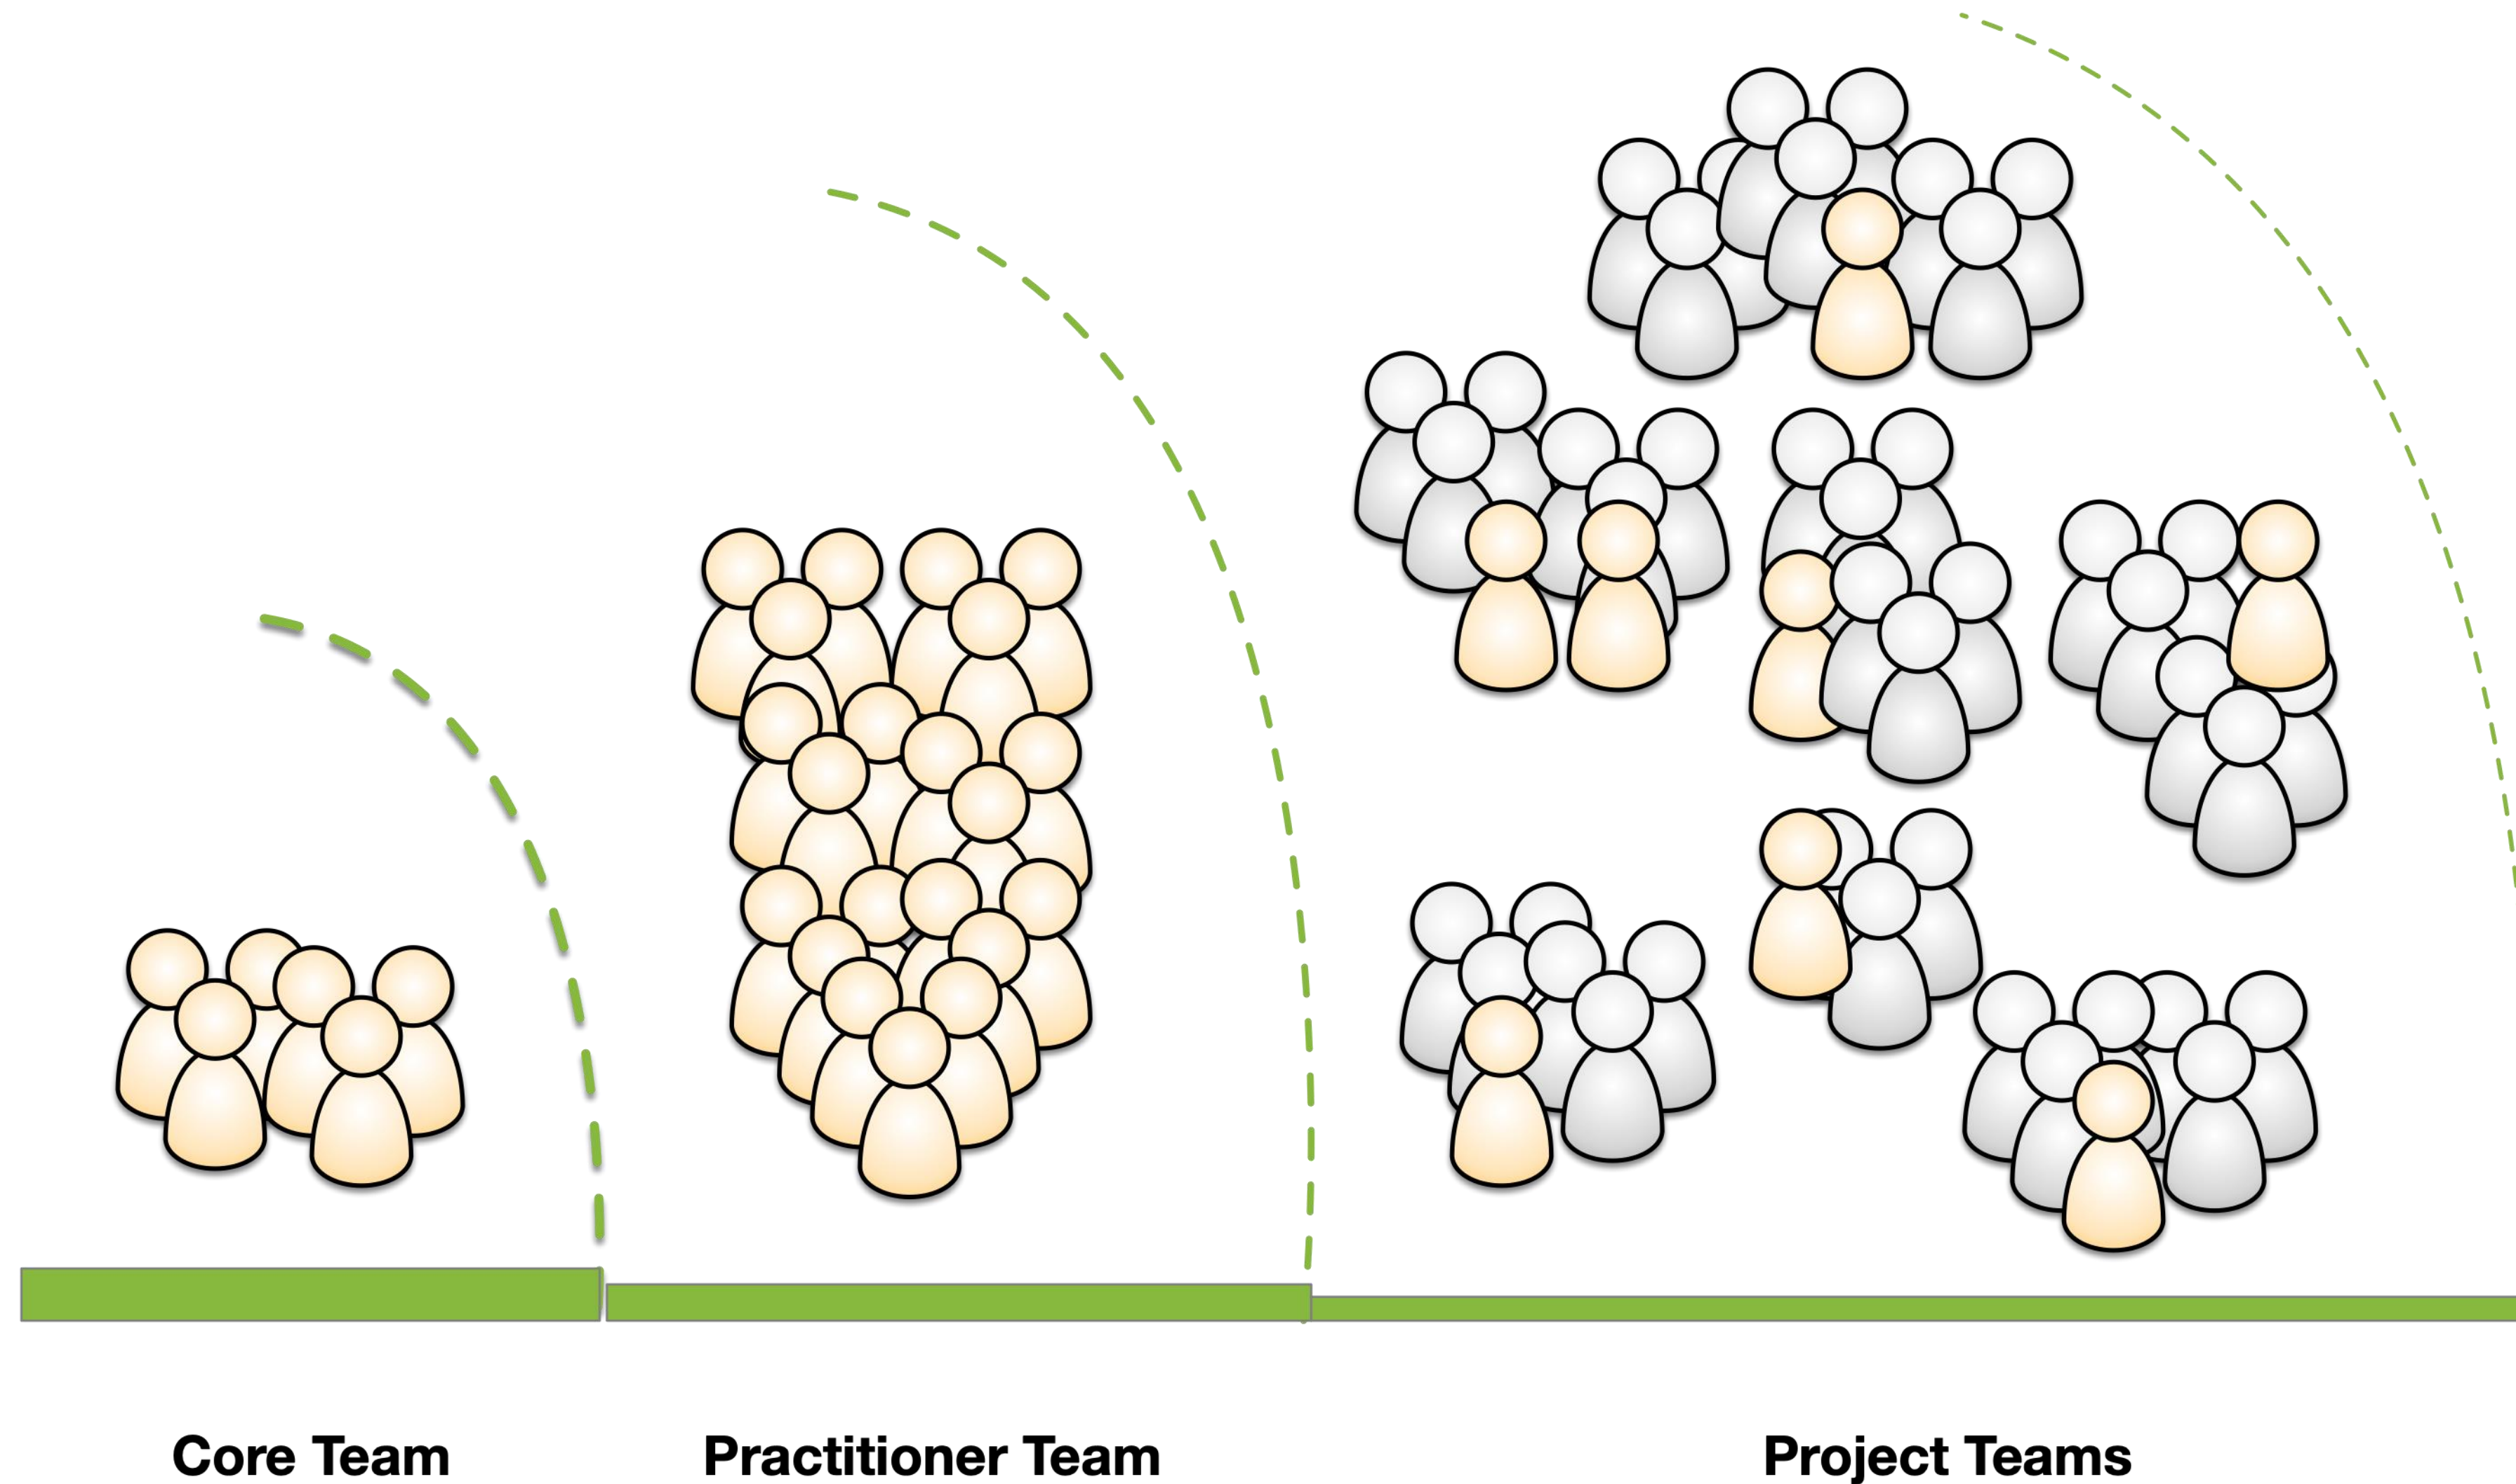

I've worked with large companies trying to do open innovation, but the Strategic Doing process is unique. This is the most clear and concise open innovation process I've seen.

*Mark Scotland  
Chief Operating Officer  
4.0 Analytics*

## 4.0 Analytics

# The diffusion of Strategic Doing across an organization takes place in phases

# Start by learning and practicing the skills

## THE 4 QUESTIONS AND 10 RULES OF STRATEGIC DOING

**BEFORE YOU BEGIN**

1. Create and maintain a safe space for deep, focused conversation
2. Frame a conversation around an appreciative question

**WHAT COULD WE DO?**

3. Uncover hidden assets that people are willing to share
4. Link and leverage your assets to create new opportunities

**WHAT SHOULD WE DO?**

5. Rank all your opportunities to find your "Big Easy"
6. Convert your Big Easy to an outcome with measurable characteristics

**WHAT WILL WE DO?**

7. Define at least one Pathfinder Project with guideposts
8. Draft short-term action plan with everyone taking a small step

**WHAT'S OUR 30/30?**

9. Set your next meeting so you can review your progress and make adjustments
10. Nudge, connect, and promote relentlessly your new habits of collaboration

## LAS 4 PREGUNTAS Y 10 REGLAS DEL STRATEGIC DOING

**ANTES DE INICIAR**

1. Crear y mantener un espacio seguro para una conversación profunda y enfocada
2. Enmarque una conversación alrededor de una pregunta apreciativa

**QUÉ PODRÍAMOS HACER?**

3. Descubrir activos ocultos que las personas están dispuestas a compartir
4. Enlace y apalancamiento de sus activos para crear nuevas oportunidades

**QUÉ DEBERÍAMOS HACER?**

5. Clasifique todas sus oportunidades para encontrar su «muy fácil»
6. Convierta su «muy fácil» en un resultado con características medibles (hacia dónde va)

**QUÉ HAREMOS?**

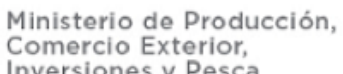

7. Defina al menos un Proyecto Piloto con guías
8. Elabore un plan de acción a corto plazo con todos dando un pequeño paso

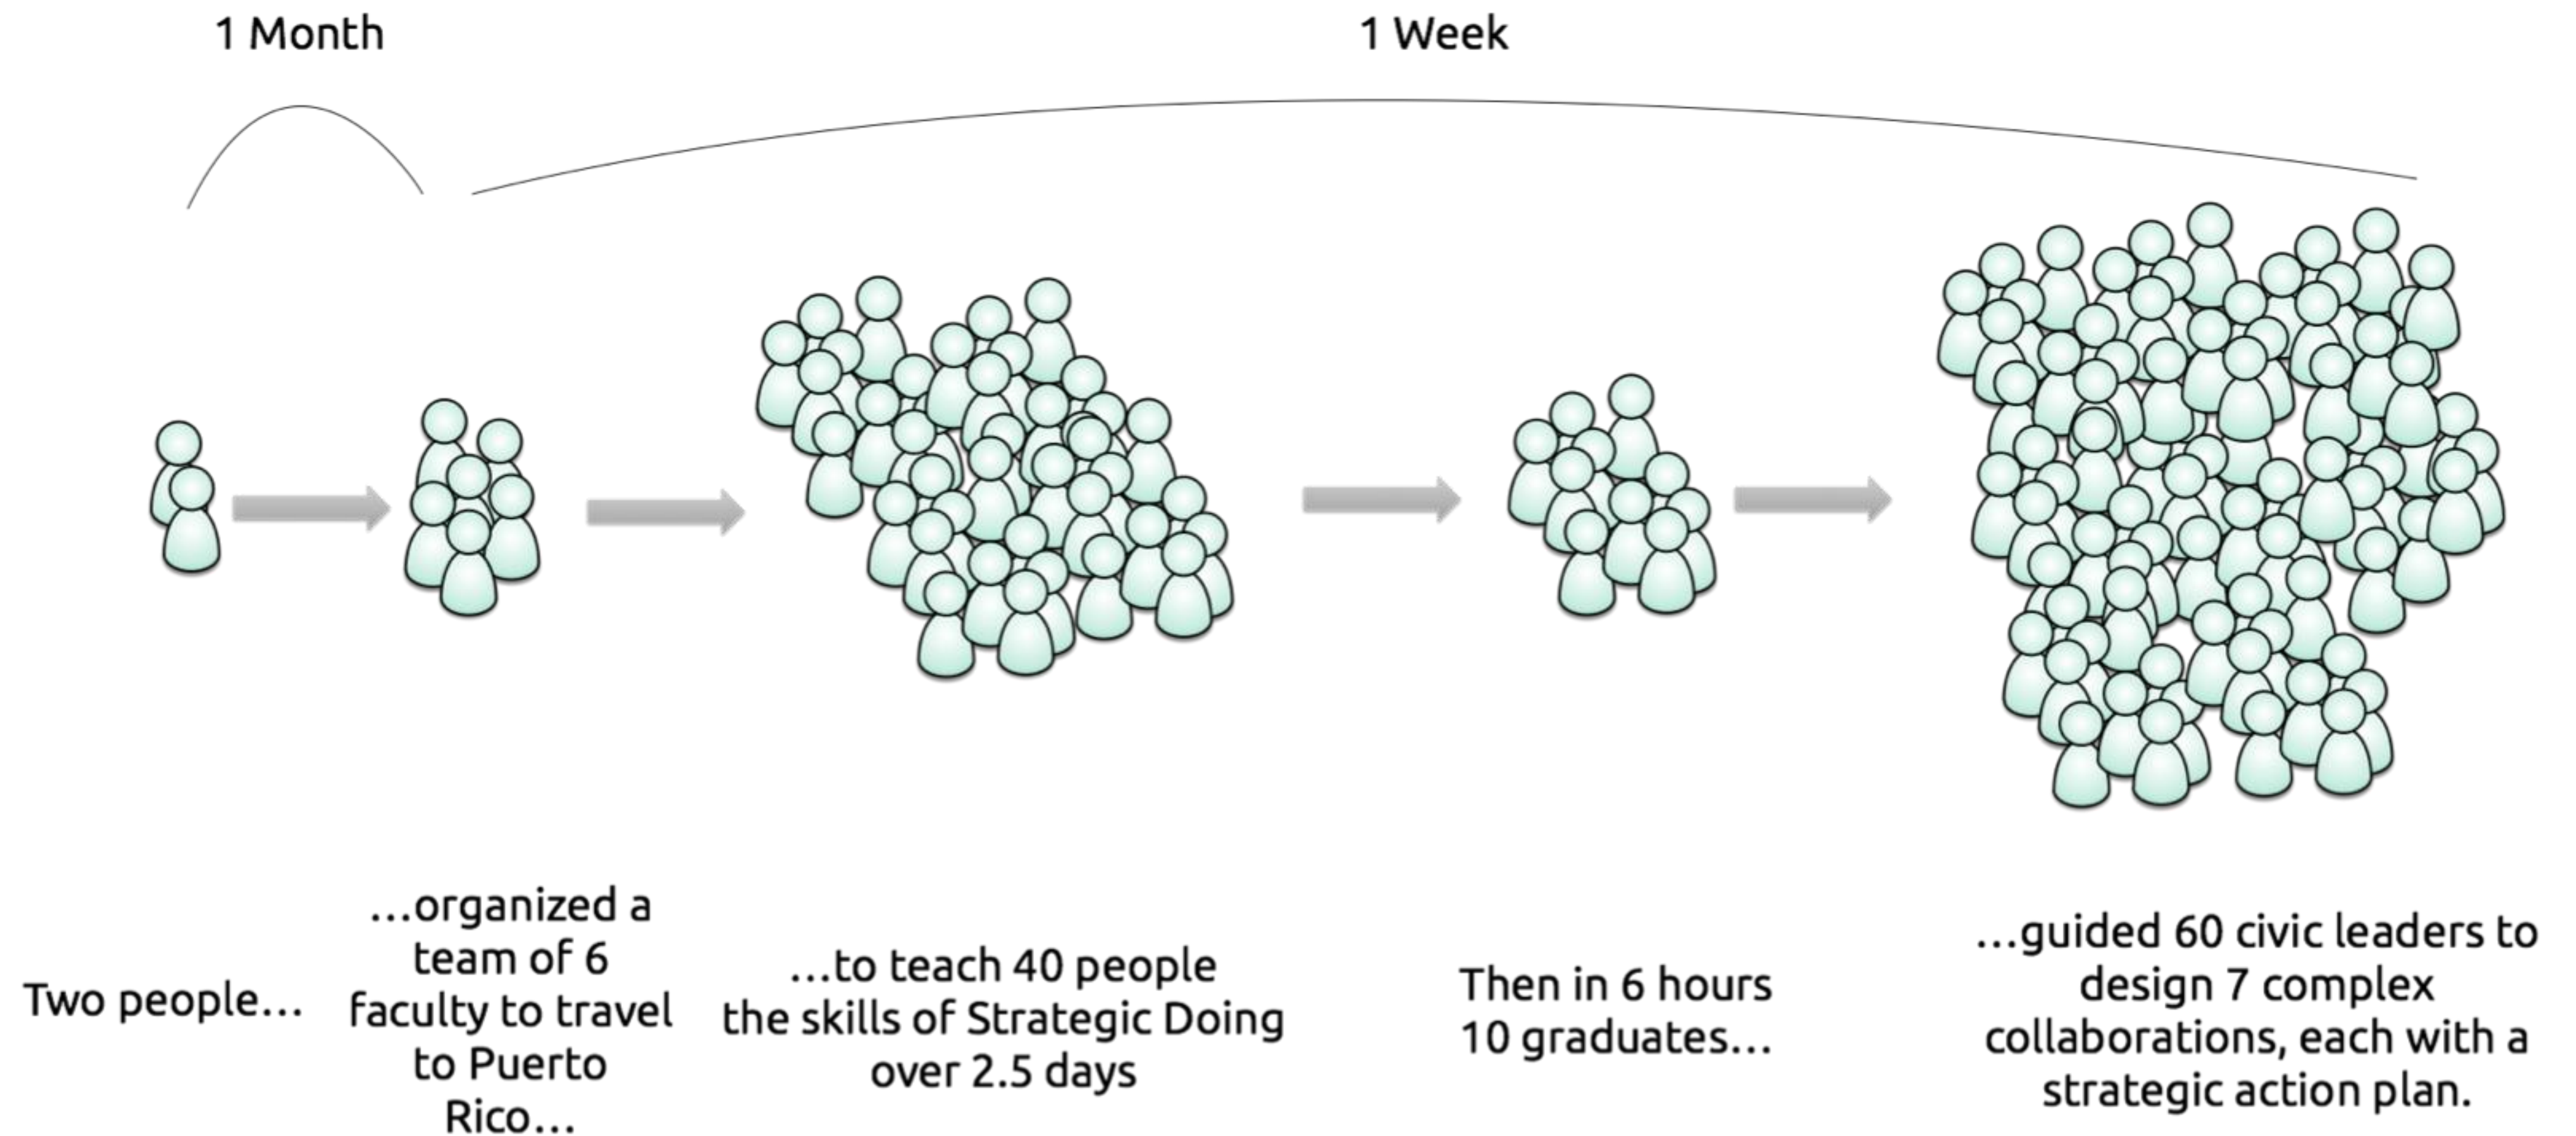

**QUÉ ES NUESTRO 30/30?**

9. Establezca la reunión 1 30/30 para revisar su progreso y hacer ajustes
10. Empujar, conectar y promover implacablemente para construir sus nuevos hábitos de colaboración un pequeño paso

# Scaling Strategic Doing can happen quickly: an example from Puerto Rico's hurricane recovery

# Strategic Doing is a flexible, customizable process...Larger scale deployments can be organized into loose hierarchies

**Why does Strategic  
Doing work?**

# Scholars come up with knowledge that practitioners use

But this pathway often does not work...

# Strategic Doing proves that practitioners can generate scholarly knowledge

**Knowledge**

**High Hard Ground**

**Practice**

**Swampy Lowlands**

# Scholarly research across multiple disciplines explains why the model works

Rule	Description	Core Concepts	Scholarly Research Supporting the Rule
1	Create and maintain a safe space for deep, focused conversation.	Psychological Safety; ba	Edmondson, 1999; Edmondson & Harvey 2017; Nonaka & Konno, 1998; Nonaka et al., 2000
2	Frame of conversation around an appreciative question.	Framing, Appreciative Inquiry	Heifetz & Laurie, 1999; Schön & Rein, 1994
3	Uncover hidden assets that people are willing to share.	Resource-Based View, Knowledge Assets	Penrose & Penrose, 2009; Itami & Roehl 1987
