Our purpose

Sustainability Centre

Support member companies to **create long-term value** and **positive impact** through **sustainability integration**

Timely, thought-provoking and relevant research

Guided by responsible standards & frameworks

Fact-based

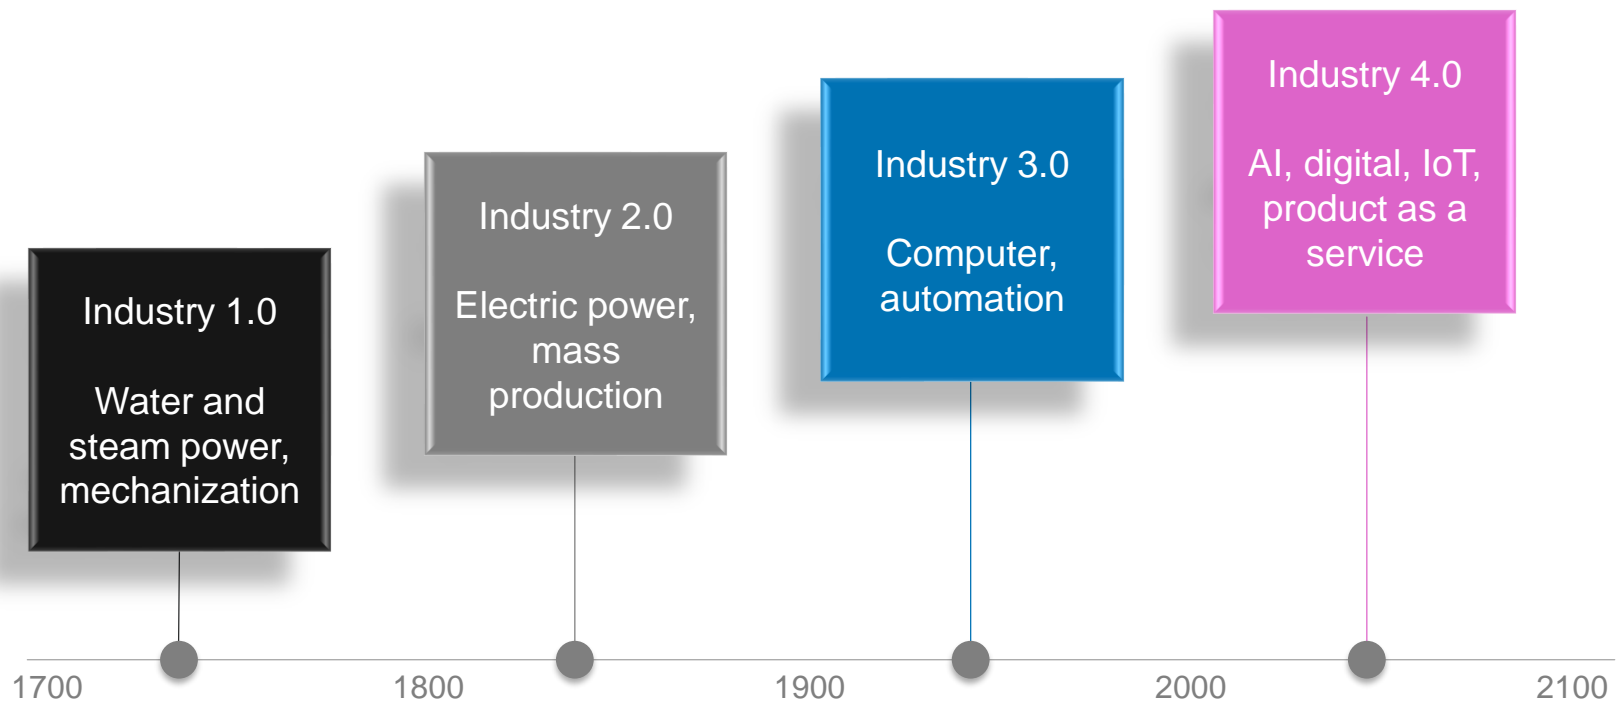

Independent

Making digital responsible, effective and inclusive

More and more companies today are looking to embrace digital to develop new pathways for creating value...

Business needs are evolving as we navigate from the third to the fourth industrial revolution

Technology can be a force for good

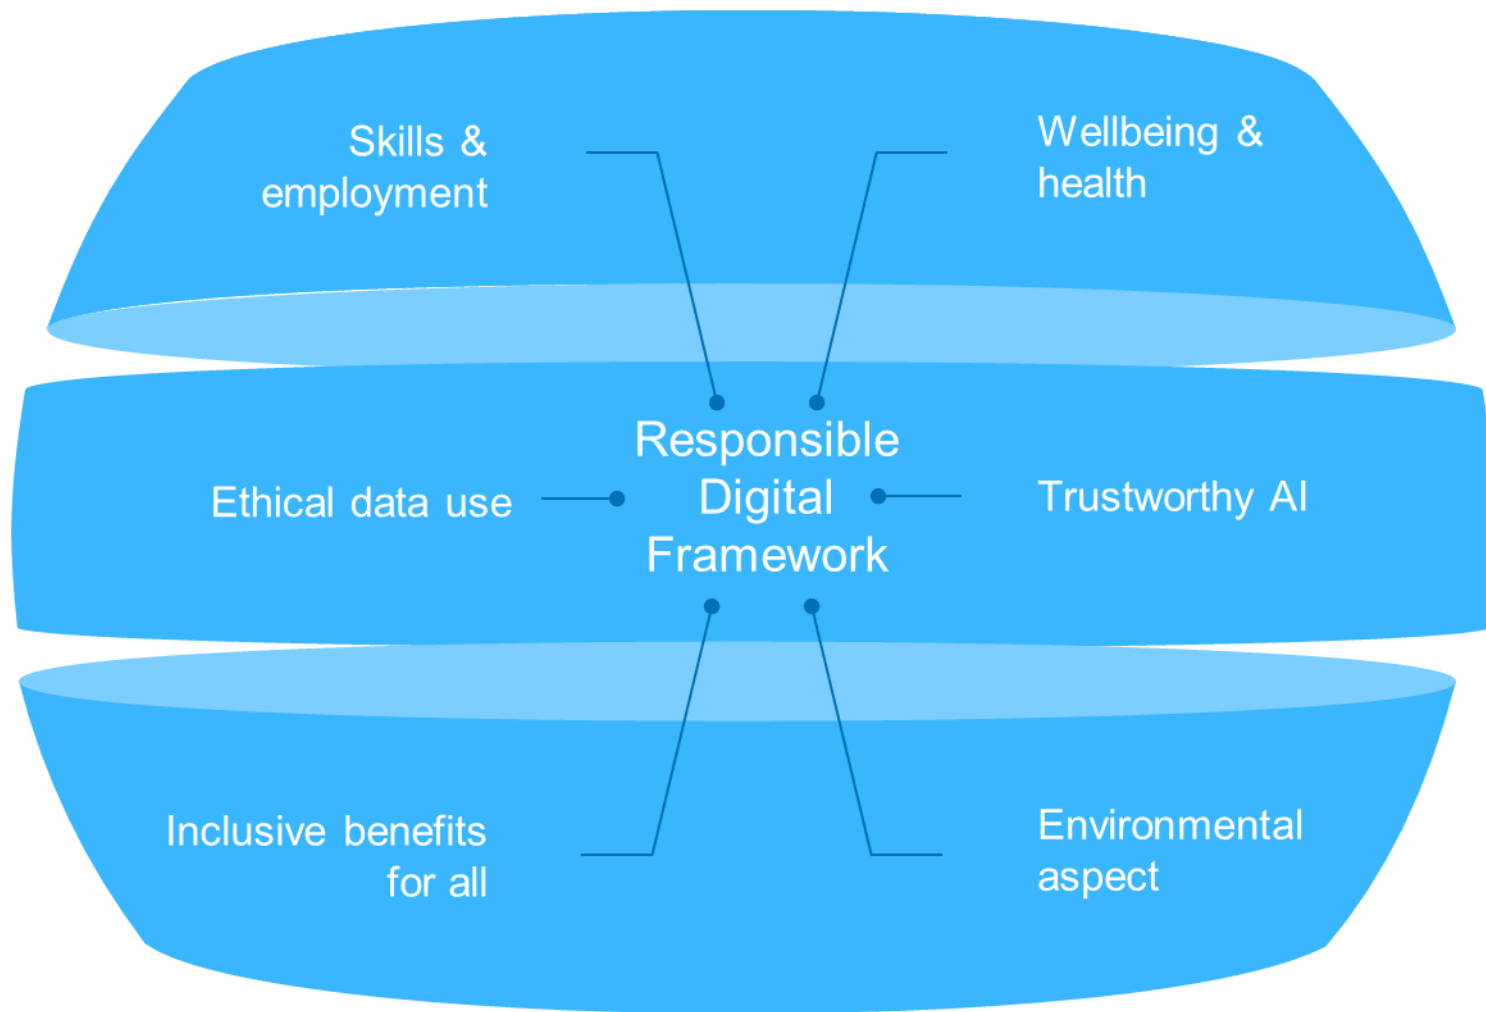

But, what are the implications of increasing digitalization and interconnected business models?

Artificial Intelligence	Data	Future workforce	Inclusive Digital	Health & Wellbeing
-------------------------	------	------------------	-------------------	--------------------

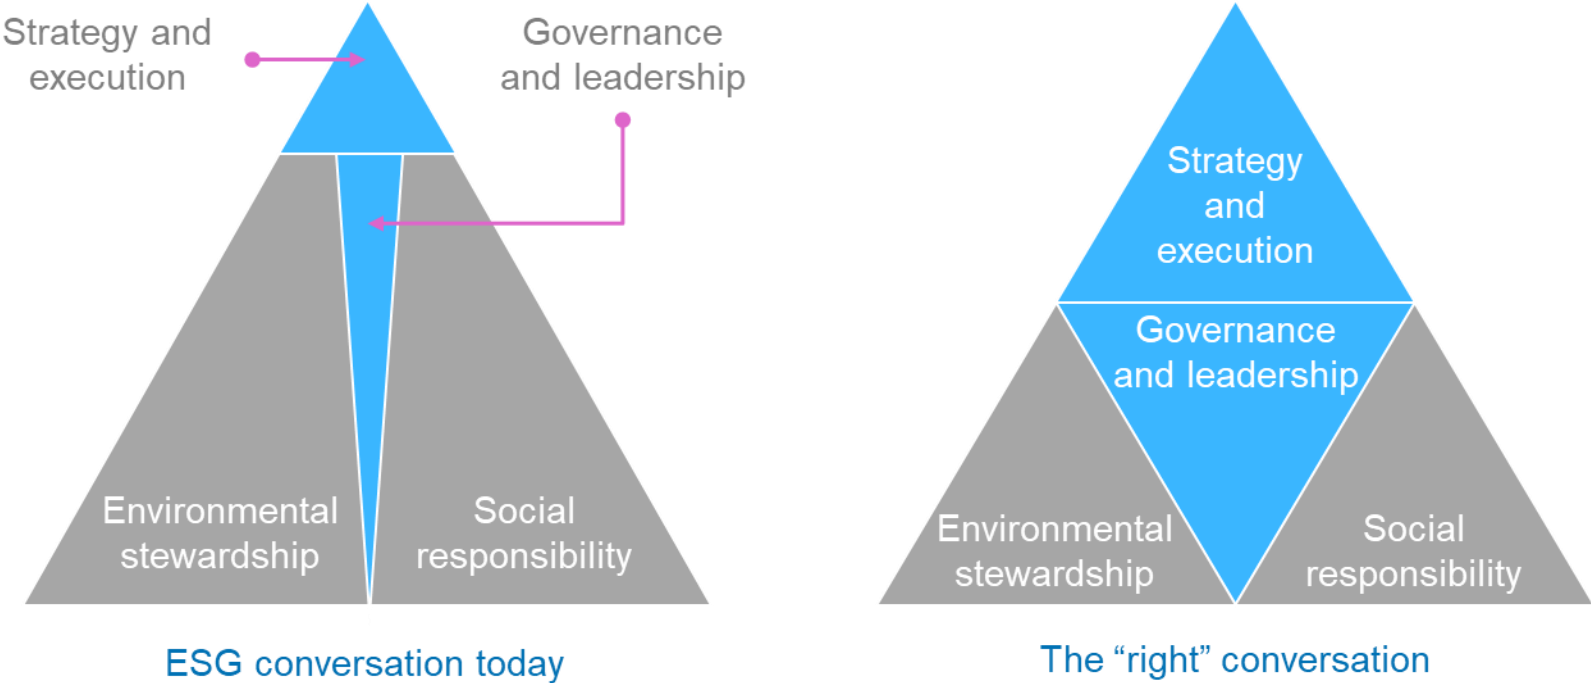

Responsible Digital

Evolving the balance of conversation

Companies need to complement their digital transformation journey with a governance arrangement that drives ethics and trust
