

Speaking from Experience: Return-to-Workplace Strategies that Work

August 18, 2020

Some of the critical questions and issues we will be answering today

- How are organizations adapting during the pandemic?
- Maintaining and building employee trust
- The importance of data-driven decisions
- Supporting a remote and in-person workforce
- What will the new normal look like?

01

Re-opening

How has your organization adapted for the pandemic?

Where do you currently stand with re-opening?

02

Employee trust

What has your experience maintaining and building employee trust been like?

03

Data

What data has been most essential for making decisions?

04

Employee support

How are you supporting your workforce (*remote and in-office*)?

05

New normal

What does this new normal look like for your organization?

What are your major concerns?

Questions?

About Buoy Health: Since launch in 2017, Buoy has helped over 9 million people make better choices when they are sick or injured. Founded in the Harvard Innovation Labs in 2013, Buoy has partnered with some of the biggest health plans in the U.S. Buoy works with state governments across the country, has learning partnerships with Boston Children's Hospital and Harvard Medical School, and is supported by a full team of medical experts.

Buoy released its COVID-19 triage workflow on Feb 5th, 2020. This version is clinically safe and updated daily to reflect CDC guidelines.
